

Update in Management of Carcinoma Prostate

Saturday, 9th September, 2017

Venue: 2nd Floor Auditorium, Medanta - The Medicity

Invitation

Dear Colleagues,

In India, Cancer Prostate is becoming the second most common cancer in males. With the increase in longevity & awareness, the numbers of patients of cancer prostate are increasing every year. There is also stage migration and younger population is being diagnosed

During the last 2 decades, there have been significant advances in the management of cancer Prostate like in the field of diagnosis (New molecular biomarkers, imaging, Ultrasound guided and MRI fusion biopsy), risk stratification for selection of best modality of treatment and therapeutics (Robotic surgery, Radiation techniques, Chemotherapy, Immunotherapy, Focal targeted therapy etc).

During the **World Prostate Disease month, Medanta Kidney & Urology Institute, Medanta - The Medicity, Gurgaon** is organizing a scientific program on “**Update in Management of Carcinoma Prostate**” on **Saturday, 9th September 2017** at Medanta Auditorium, 2nd Floor. In this scientific program, we will cover update and controversies in management of Cancer Prostate. The emphasis will be on case based panel discussion on the dilemmas faced in every day practice.

This update is planned to cover all these aspects and share experience from National and International faculty. The program is aimed for practicing Physicians, Surgeons, Urologists, Radiation and Medical oncologists and post graduate students.

We hope that our program will enlighten the participants for better understanding of the disease and will help them in their practice. Overall this will improve patient care in a cost effective way.

You along with your colleagues are invited to participate in this academic program. Please register at the earliest.

Sincerely,

Patron

Dr. Naresh Trehan

Organising Chairman

Dr. N.P. Gupta

Co-Chairmen

Dr. Rakesh Khera

Dr. Manav Suryavanshi
