

2nd MEDANTA SERIES IR Tutorials

28th & 29th April, 2018

India Habitat Centre,
New Delhi

We are pleased to announce the 2nd series of the IR tutorials based on conceptualizing the basics of interventional techniques.

ASPIRATIONS & DRAINAGES

This time the series will cover anything and everything that one needs to know about the procedure of aspirations and drainages, one of the most common and frequently requested interventional procedures.

Dr Naresh Trahan
CMD, Medanta

Dr S S Baijal
Chairman
