

LIST OF ONGOING RESEARCH STUDIES AT MEDANTA INSTITUTE OF EDUCATION & RESEARCH (MIER)

S. No	Name of Studies	Department
1.	Asia Pacific Evaluation of Chest pain Trial (ASPECT)	Department of CTVS
2.	Prevalence of Atherosclerotic Disease in Asian subjects not on lipid-lowering agents, but with at least two CVD risk factors (study code- D3560L00092)	Department of Clinical Cardiology
3.	Effect of dietary consumption of Pistachio Nuts on Vascular Structure and Function	Department of Clinical Cardiology
4.	Aspirin and Tranexamic Acid for Coronary Artery Surgery Trial: A collaborative project conducted by the Australian and New Zealand College of Anaesthetists Trials Group (ANZCA TG), and the NHMRC Centre for Clinical Research Excellence in Therapeutics”	Department of Critical Care & Anesthesia
5.	A comparison of FDG-PET versus MRI based target volume delineation in glioblastoma and the role of FDG-PET/CT in the alteration of MRI based target volumes	Department of Radiation Oncology
6.	P-Monofer -CIA	Department of Medical Oncology
7.	Predict	Department of Electrophysiology
8.	Realise-AF	Department of Electrophysiology
9.	A double-blind, randomized, placebo-controlled, multicentre study to assess the efficacy and safety of Darbapoetin alfa treatment on mortality and morbidity in heart failure (HF) subjects with symptomatic left ventricular systolic dysfunction and Anaemia: Protocol no 20050222	Department of Clinical Cardiology
10.	A randomized, double – blind, placebo-controlled, event –driven multicentre study to evaluate the efficacy and safety of Rivaroxaban in subjects with acute coronary syndrome: RIVAROXACS3001; PhaseIII	Department of Clinical Cardiology
11.	Feasibility Study of Autologous Concentrated Bone Marrow Nucleated Cell Therapy for congestive heart failure patients undergoing treatment with coronary artery bypass grafting (CABG) surgery	Department of CTVS
12.	A multicenter,double-blinded,randomized study to establish the clinical benefit and safety of Vytorin(Ezetimibe/Simvastatin Tab) Versus Simvastatin Monotherapy in high risk subjects presenting with acute coronary syndrome (IMPROVE-IT).	Department of Clinical Cardiology
13.	Effects of ivabradine in patients with stable coronary artery disease without clinical heart failure. A randomised double-blind placebo-controlled international multicentre study	Department of Clinical Cardiology
14.	South Asian Systolic Heart Failure Registry	Department of Electrophysiology
15.	Effect of doseable oxidative stressed autologous blood (d-OSABTM) in patients with CORTICAL Acute Ischemic Stroke: A Randomized, Double-Blinded, Placebo-Controlled Study (AcquiSci/d-OSAB-ais/10)	Department of Neurology

16.	A randomized ,Placebo Controlled Clinical Trial to evaluate Cardiovascular outcomes after treatment with Sitagliptin in Patients with Type 2 diabetes Mellitus and Inadequate Glycemic Control on Mono-or Dual Combination Oral Antihyperglycemic Therapy.	Department of Endocrinology & Diabetes
17.	A post market surveillance registry of the BioMatrix drug eluting stent in real world patients.	Department of Interventional Cardiology
18.	Evaluation of Average GFR and functional reserve in a healthy Indian population and in patients with Chronic Kidney disease (SEEK)	Department of Nephrology
19.	A Double-Blinded, Randomized, Placebo-Controlled, parallel group Study of Sativex Oromucosal spray (Sativex; Nabiximols) in relieving pain in patients with advanced cancer, who experience inadequate analgesia during optimized chronic opioid therapy	Department of Medical Oncology
20.	a COMPARISION OF Prasugrel and Clopidogrel in subjects with unstable angina/Non-ST-Elevation Myocardial Infarction(UA/NSTEMI) Acute Coronary Syndrome(ACS) Who are Medically Managed	Department of Clinical Cardiology
21.	A Multicenter, Prospective, Observational, Non-Interventional Cohort Study Evaluating On treatment Predictors of Response in subjects with HBeAg positive or HBeAg negative Chronic Hepatitis B Receiving Therapy with PEGASYS (Peginterferon alfa-2a 40KD'	Department of Gastroenterology
22.	A large,multi-centre, prospective observational study on 8586 patients wearing Medtronic Cardiac Rhythm Disease Management (CRM) devices.	Department of Electrophysiology
23.	SHOCKLESS	Department of Electrophysiology
24.	ATTAIN SUCCESS	Department of Electrophysiology
25.	CETUXIMAB (SCCHN)	Department of Medical Oncology
26.	RECOVER-II	Department of Peripheral, Vascular & Endovascular Sciences
27.	Safety and efficacy of HO/03/03 10 µg in the Treatment of Plantar Neuropathic Diabetic Foot Ulcers	Department of Peripheral, Vascular & Endovascular Sciences
28.	A phase III, randomised, multi-center, double-blind, parallel-group, active controlled study to evaluate the efficacy and safety of oral Dabigatran etexilate compared to warfarin (INR 2.0-3.0) for the secondary prevention of venous thromboembolism-REMEDY	Department of Peripheral, Vascular & Endovascular Sciences
29.	BIOMIME	Department of Interventional Cardiology
30.	CV185056	Department of Peripheral, Vascular & Endovascular Sciences
31.	CV185657	Department of Peripheral, Vascular & Endovascular Sciences
32.	ASTELLAS	Department of Urology

33.	RETROGRADE	Department of CTVS
34.	CRISP-AMI	Department of Interventional Cardiology
35.	SURPASS	Department of Interventional Neuro Radiology
36.	Edoxaban	Department of Peripheral, Vascular & Endovascular Sciences
37.	STEMPEUTICS-2	Department of Peripheral, Vascular & Endovascular Sciences
38.	P-MONOFER-IBD 01	Department of Gastroenterology
39.	Acute kidney injury	Department of Nephrology
40.	HACS	Department of Endocrinology & Diabetes
41.	Hepatitis vaccination	Department of Blood Bank
42.	Plasminogen activator study	Department of Peripheral, Vascular & Endovascular Sciences
43.	Antisoma: AML	Department of Medical Oncology
44.	Bevacizumab: mRCC	Department of Medical Oncology
45.	Darapladib	Department of Interventional Cardiology
46.	BI 10773	Department of Endocrinology & Diabetes
47.	ASPIRE	Department of Peripheral, Vascular & Endovascular Sciences
48.	Euro-pain	Department of Critical Care & Anesthesia
49.	Revascularization in CKD patients	Department of Nephrology
50.	URINARY INCONTINENCE SURVEY IN MEDANTA	Department of Urology
51.	REMAINS STUDY	Department of Clinical Cardiology
52.	VIABILITY	Department of CTVS

53.	CARDIOGENESIS	Department of CTVS
54.	PNEUMATIC TUBE	Department of Blood Bank
55.	DAT (Coombs Test)	Department of Blood Bank
56.	Evaluation of the Endeavor Resolute Zotarolimus-Eluting Coronary Stent System in a patient Population with Long Lesion(s) and/or Dual Vessels in Asia. A prospective, multi-center, Non-randomized study.	Department of Interventional Cardiology
57.	A randomized, double blind, placebo controlled, parallel group trial for assessing the Clinical benefit of Dronedarone 400 mg BID on top of standard therapy in patients with permanent atrial fibrillation and additional risk factors	Department of Electrophysiology
58.	VITAMIN-D	Department of Endocrinology & Diabetes
59.	Efficacy and safety of paclitaxel nano-dispersion concentrate for injection(PICN) in subjects with metastatic breast cancer: A randomized, open label, active controlled, comparative, parallel group, and multi-centric study.	Department of Medical Oncology
60.	SP921	Department of Neurology
61.	Apixaban for Prevention of Acute Ischemic Events-2- “A Phase 3, Randomized, Double- Blind, Evaluation of the Safety and Efficacy of Apixaban in Subjects with a Recent Acute Coronary Syndrome	Department of Clinical Cardiology
62.	Vitamin-D Deficiency in Hemodialysis Patients	Department of Endocrinology & Diabetes
63.	CYTORI	Department of Plastic surgery
64.	Lux Breast-I	Department of Medical Oncology
65.	Breast Cancer Survey	Breast Surgery
66.	A-Surf	Department of Endocrinology & Diabetes
67.	A Pilot Longitudinal study to evaluate the prognostic significance of previous stenting on short and long term clinical outcomes in patients subsequently undergoing Coronary Artery Bypass Graft.	Department of CTVS
68.	STEMPEUCE_CLI	Department of Peripheral, Vascular & Endovascular Sciences
69.	SPACT	Department of Interventional Cardiology
70.	Impact of Anti-Radiation Chip	Department of Interventional Cardiology

71.	PainFree SST Clinical Study.	Department of Electrophysiology
72.	Assessment of Arterial stiffness	Department of Clinical Cardiology
73.	A randomized controlled cohort study to assess the role of FEES guided and non FEES guided swallow therapy for Head neck cancer patients treated either by surgery, chemoradiation or combination of both.	Department of ENT & Head Neck Surgery
74.	ELIXA EFC11319	Department of Clinical Cardiology
75.	A Continuation in the Clinical Evaluation of the Absorb Bioresorbable Vascular Scaffold(BVS) system in the treatment of subjects with de novo Native Coronary Artery Lesions.	Department of Interventional Cardiology
76.	Evaluation of acute safety and efficacy of the BACE(Basal Annuloplasty of the Cardia Externally) device in the treatment of Functional Mitral valve Regurgitation(FMR).	Department of CTVS
77.	ITP	Department of Medical Oncology
78.	An Observation study of Thymoglobuline as Induction therapy in a steroid free maintenance immunosuppressive protocol for Indian patients liver donor renal transplantation (OTIS-INDIA).	Department of Nephrology
79.	Renal Injury as a bystander effect of Abdominal Radiotherapy- A prospective observational study.	Department of Radiation Oncology
80.	AGG-901	Department of Neurology
81.	A Phase III, Prospective, randomized, Double-Blind, Placebo- Controlled Multicenter study to Evaluate the Efficacy and Safety of MK- 6621 in Patients with Atrial Fibrillation”	Department of Electrophysiology
82.	BIO-FLOW	Department of Interventional Cardiology
83.	XAMOS-XARELTO	Department of Orthopedics
84.	CABAZ_C (HRPC)	Department of Medical Oncology
85.	BVX20-CT1-001-10	Department of Medical Oncology
86.	EUS	Department of Gastroenterology
87.	DEXMEDETOMIDINE	Department of Critical Care & Anesthesia
88.	A Phase 3, Multicenter, Randomized, Double-Blind, Placebo-Controlled Study to evaluate the efficacy and safety of Subcutaneous LY2127399 in Patients with Systemic Lupus Erythematosus(SLE).	Department of Rheumatology & Clinical Immunology
89.	CDEB025A2211	Department of Gastroenterology
90.	A Prospective Study on Quality of Life in Non Metastatic Breast Cancer Patients.	Department of Medical Oncology

91.	Assessment of Vascular Reactivity by a Novel Diagnostic Device, ANGIOEF-3000™, compared to that using Brachial Artery Ultrasound Imaging- A Pilot Study in an Indian Population.	Department of Clinical Cardiology
92.	HIS	Department of Clinical Research
93.	DUAL-I	Department of Endocrinology & Diabetes
94.	JTCS	Department of Peripheral, Vascular & Endovascular Sciences
95.	Perioperative usage of blood components in (OLT) in recipients and donors	Department of Laboratory Medicine
96.	WSA—CS-003	Department of Respiratory Respiratory & Sleep Medicine
97.	WSA—CS-004	Department of Respiratory Respiratory & Sleep Medicine
98.	A Phase 3, Double Blind, Randomized Study to Evaluate the safety and efficacy of BAL8557 Versus a Caspofungin Followed by Voriconazole Regimen in the Treatment of Candidemia and other Invasive Candida Infections.	Department of Respiratory Respiratory & Sleep Medicine
99.	An Open label, Comparative study to establish therapeutic non-infectory of (50mg ETANERCEPT) injection (ZENOTECH) with Wyeth's ENBREL® injection (50mg ETANERCEPT) in treatment of moderate to severe Rheumatoid Arthritis with inadequate response to Methotrexate.	Department of Rheumatology & Clinical Immunology
100.	EXenatide Study of Cardiovascular Event Lowering Trial (EXSCEL) – A randomized, placebo controlled clinical trial to evaluate cardiovascular outcomes after treatment with Exenatide once weekly in patients with type 2 diabetes mellitus	Department of Clinical Cardiology
101.	A study for evaluating radiation induced endocrine changes following radiation treatment for tumors involving hypothalamic-pituitary axis in the radiation portals.	Department of Radiation Oncology
102.	PeriOperative ISchemic Evaluation-2 Trial	Department of Peripheral, Vascular & Endovascular Sciences
103.	Initiative for patient Outcomes in Dialysis – PD (IPOD-PD study)”.	Department of Nephrology
104.	Randomized, Observational study of Entecavir to assess long-term outcomes associated with Nucleoside/ Nucleotide Monotherapy for patients with Chronic BV Infection: The Realm Study.	Department of Gastroenterology
105.	Echocardiographic predictors of cardiomyopathy and their association with in-hospital outcome in patients undergoing liver transplantation.	Department of Clinical Cardiology
106.	PSL_in_LRPC_-_version1[1]	Department of Blood Bank
107.	Comparison of Tramadol 50mg or 100mg for treatment of postoperative pain in patients undergoing Total Hip Replacement or Total Knee Replacement.	Department of Orthopedics

108.	An observational,prospective, Open Label study to assess the effectiveness, safety and tolerability of once yearly treatment with Zoledronic acid in Osteoporotic patients in a real world setting.	Department of Rheumatology & Clinical Immunology
109.	IPF	Department of Respiratory Respiratory & Sleep Medicine
110.	A prospective,single blind multicenter randomized trial to compare the TAXUS element™ coronary stent against the XIENCE prime™ coronary stent system in the treatment of a diabetic patient population in India.	Department of Interventional Cardiology
111.	YORA/LORA	Department of Rheumatology & Clinical Immunology
112.	Comparison between continous transversus abdominis plane block and epidural analgesia for postoperative pain releif in renal transplant recipient:A Randomized controlled trial.	Department of Critical Care & Anesthesia
113.	To compare Acoustic Radiation Force Impulse Elastography(ARFI) values with metavir grade for liver fibrosis and inflamatory activity in pediatric population.	Department of Paediatric Gastroenterology & Hepatology
114.	MOSER Study	Department of Critical Care & Anesthesia
115.	A Placebo-controlled, Double-blind, Randomised, Parallel-group, Long-term Phase III Trial Assessing the Safety and Efficacy of 50 µg and 100 µg/day of eprotirome in Patients with Heterozygous Familial Hypercholesterolaemia who are on Optimal Standard of Care	Department of Clinical Cardiology
116.	EUPHAS-2	Department of Critical Care & Anesthesia
117.	A Phase 2/3, open label, multi-center,randomized trial to determine the safety and efficacy of non-pegylated liposomal doxorubin(Nudoxa®) at two different dose levels as compared to duxorubicin in patients with Metastatic Breast Cancer.	Department of Medical Oncology
118.	Yield of Endoscopic-Ultrasound (EUS) in Indian patients with unexplained acute pancreatitis.	Department of Gastroenterology
119.	Randomized, prospective comparative multicentre study comparing Yield and diagnostic accuracy of EUS guided FNA with or without presence of an onsite cytopathologist.	Department of Gastroenterology
120.	A Randomized, multicenter, Phase 3, Open label study of the efficacy and safety of Trastuzummab-Mcc-Dm1 vs. Capecitabine + Lapatiniv in patients with Her 2- postive Locally Advanced or Metastatic Breast Cancer who have received prior Trastuzumav-based therapy.	Department of Medical Oncology
121.	A Phase 3, Double Blind, Randomized Placebo- controlled safety and efficacy study of once daily controlled release Pregabalin in the treatment of patients with post therapetic neuralgia.	Department of Neurology
122.	The Evalutaion of accuracy of two methods of temperature monitoring of blood unit(s) issued from Blood Transfusion Services(BTS).	Department of Blood Bank

123.	A study of in-vitro sensitivity of Cefepime+ Tazobactam and other antimicrobial agents against enterobacteriaceae isolated from hospitalized patients of a tertiary care hospital in India (ASCENT Study).	Department of Critical Care & Anesthesia
124.	Assessment of Avascular Necrosis in systemic Lupus Erythematosus	Department of Rheumatology & Clinical Immunology
125.	ND_EDPALD_002/ A national, multi center, observational, longitudinal, Open Label, patient registry programme, which is aimed to be a Repository of Epidemiology, clinical presentation, and management outcome of alcoholic liver disease in India.	Department of Gastroenterology
126.	PEG-Inferon	Department of Gastroenterology
127.	Comparison of Tramadol 70mg initiated at time of wound closure or Postoperatively on first demand of Analgesia versus Morphine alone for treatment of postoperative pain in patients undergoing unilateral Total Hip Replacement or Total Knee Replacement.	Department of Orthopedics
128.	OC034 P063 VITROS Syphilis TPA- External Evaluation Trial Protocol for VITROS Immunodiagnostic products Syphilis TPA Assay at The Medanta-The Medicity.	Department of Blood Bank
129.	Mobility SAR 153191	Department of Rheumatology & Clinical Immunology
130.	Dexmedetomidine vs Midazolam	Department of Critical Care & Anesthesia
131.	ARC Therapy for Prostate RadioTherapy	Department of Radiation Oncology
132.	ALERTS	Department of Interventional Cardiology
133.	BD Posiflush	Department of Critical Care & Anesthesia
134.	Dendritic Cell Immunotherapy	Department of Medical Oncology
135.	RaFTA:Prospective, multicentre ascertainment of intensive care units in hospitals, with the opportunity to utilize the collected data for quality management.	Department of Critical Care & Anesthesia
136.	An Exploratory, Observational Study to Evaluate the efficacy and safety of Daptomycin in treating Neutropenic Patients with Fever due to known or suspected gram positive infections in adult Hematology-Oncology Patients.	Department of Medical Oncology
137.	Long term follow-up of antithrombotic management patterns in Acute coronary syndrome patients in Asia	Department of Interventional Cardiology
138.	Pulmonary Hypertension Registry(PH Registry)- A Data Collection Project	Department of CTVS

139.	An open label, randomized, controlled multicentre study to assess the efficacy and safety of Mycophenolate MR Tablets (Panacea Biotec Ltd) in comparison with Myfortic (Novartis Pharmaceuticals Corporation) in the prophylaxis of Acute Rejection of Renal Transplantation	Department of Nephrology
140.	Enalapril on morbidity and mortality_CHF	Department of Clinical Cardiology
141.	A74710099_NSCLC	Department of Medical Oncology
142.	A Non-Randomized, Open Label, Multi center, Dose ranging, Phase 2 Study assessing the efficacy and safety of intramuscular administration of Stempeucel_CLI™(Exvivo cultured Adult Bone Marrow derived Alogenic Mesenchymal Stem cells) in patients with critical Limb ischemia due to Buerger's Disease.	Department of Peripheral, Vascular & Endovascular Sciences
143.	Comparison of Tramadol 100mg initiated postoperatively on first demand of Analgesia versus Morphine alone, for treatment of postoperative pain in patients undergoing Unilateral Total Hip Replacement or Total Knee Replacement.	Department of Orthopedics
144.	A Survey of the attitudes and the perceptions of Clinical Research in the Lay public.	Department of Clinical Research
145.	MARO1-Reduction of angina	Department of CTVS
146.	ND_EDPALD_002 Alcoholic Liver Disease	Department of Gastroenterology
147.	ACR Study with NITTO Denko Urinalysis Device.	Department of Nephrology
148.	SureScan Pacing System post approval Study.	Department of Electrophysiology
149.	Inspiration (OBI-1)	Department of Medical Oncology
150.	Goal Directed Therapy in Cardiac Patients	Department of Critical Care & Anesthesia
151.	MDRI_Survey	Department of Clinical Research
152.	To Evaluate the efficacy and safety of the Medtronic Core Valve System (MCS) in the treatment of symptomatic severe aortic stenosis in subjects who have a predicted high risk for aortic valve surgery.	Department of Interventional Cardiology
153.	SURPERIA	Department of Interventional Cardiology
154.	The role of Neutrophil Gelatinase associated Lipocalin in predicting acute kidney disease in patients with low LVEF undergoing OPCABG: A pilot study.	Department of Critical Care & Anesthesia
155.	Cleft Lip and Palate anomaly in India: Clinical Profile, risk factors and current status of treatment- A hospital based study.	Department of Plastic surgery

156.	Acute Kidney Injury post Live Donor Liver Transplantation(LDLT) : Incidence and Risk factors.	Department of Critical Care & Anesthesia
157.	Non analgesic benefits in OPCAB	Department of Critical Care & Anesthesia
158.	A Phase 3 randomized, multicenter, two-arm, open-label trial to evaluate the efficacy of T-DMI compared with treatment of physician's choice in patients with HER2-positive metastatic breast cancer who have received at least two prior regimens of HER2- directed therapy.	Department of Medical Oncology
159.	Evaluation of bone density around trabecular metal Monoblock tibial components in Indian patients.	Department of Orthopedics
160.	Revamilast	Department of Rheumatology & Clinical Immunology
161.	Magic Touch	Department of Interventional Cardiology
162.	Deliver	Department of Electrophysiology
163.	Deliver	Department of Interventional Cardiology
164.	Deliver	Department of Clinical Cardiology
165.	Widespread Vitamin D Deficiency among Indian Health Professionals.	Department of Endocrinology & Diabetes
166.	Efficacy of adding Ayurvedic Protocol MEDANTA_IM: NS+AY_PD:1 (MIPD1) as an Integrative Medicine Tool in medical management of Parkinson's patients to reduce motor disability and improve activities of daily living and thereby offer better quality of Life for the patient:Pilot Study.	Department of Neurology
167.	To study the mobilization of hematopoietic progenitor cells and its correlation with liver regeneration in living donor liver transplantation (LDLT).	Department of Liver Transplant & Regenerative Medicine
168.	Protocol: Molecular and Genetic Profiling of Hepatocellular Carcinoma-Towards Better Diagnosis and Prognostication.	Department of Liver Transplant & Regenerative Medicine
169.	Protocol entitled "Intra-peritoneal transplantation of encapsulated hepatocytes for acute liver failure."	Department of Liver Transplant & Regenerative Medicine
170.	A Double-Blinded ,Randomized Controlled, 2-arm parallel group study to compare the Effect of Therapeutic and Supplementation Doses of Cholecalciferol on markers of vascular inflammation and subclinical Atherosclerosis in a Vitamin D Deficient Population.	Department of Endocrinology & Diabetes
171.	Dalcetrapib on CV events	Department of Clinical Cardiology
172.	Pegylated Interferon Alfa 2b	Department of Gastroenterology

173.	Prevalence of Carotid stenosis and its correlation with incidence of perioperative stroke in patients of coronary artery bypass graft surgery.	Department of Neurology
174.	Prevalence of and risk factors for mortality associated with invasive fungal infections in hematology centers in hospitals in the Asia-Pacific: a multi-center prospective observational study.	Department of Medical Oncology
175.	Utilization of electronic mail as a medical tool for cost-efficient care in heart failure patients (Ihf).	Department of Clinical Cardiology
176.	Thrombocytopenia	Department of Critical Care & Anesthesia
177.	Tenofovir Disoproxil in Chronic Hep-B	Department of Paediatric Gastroenterology & Hepatology
178.	Prevalence of Host and Viral Genotypes in Patients with Chronic Hepatitis C and Chronic Hepatitis B Infection in India.	Department of Hepatology & Liver Transplant
179.	Autonomic neural regulation therapy to enhance Myocardial Function in Heart Failure.	Department of CTVS
180.	To define the biological reference interval for immature platelet fraction for Indian population.	Department of Laboratory Medicine
181.	An open label multicentric phase 1 study of oral P13K/Mtor Inhibitor P7170 in patients with advanced refractory solid tumors.	Department of Medical Oncology
182.	A multicentre 3 year follow-up study to assess the viral activity in patient who failed to achieve sustained virologic response in Alisporvir- Studies for chronic Hepatitis C Patients.	Department of Gastroenterology
183.	DEBO25/Alisporivir (CDEB025A2313)	Department of Gastroenterology
184.	REPLACE	Department of Critical Care & Anesthesia
185.	An observational study to evaluate the efficacy and safety of daptomycin in suspected or culture proven gram positive bacteremia in adults with End Stage Renal Disease on Hemodialysis or Continuous Ambulatory Peritoneal Dialysis.	Department of Nephrology
186.	SCORE	Department of Clinical Cardiology
187.	Clinical and Epidemiological study of EGFR Mutation and EML4-ALK Fusion Gene among Indian patients with Adenocarcinoma Lung.	Department of Medical Oncology
188.	A prospective, multi centre, registry to assess everolimus-eluting coronary stent system (PROMUS Element™) for coronary revascularization in an Indian population of unrestricted patients.	Department of Interventional Cardiology
189.	An open label, randomized, prospective, pilot study to assess the efficacy of either conversion from tacrolimus to Cyclosporin-based immunosuppression or continuation of tacrolimus, on glucose metabolism in renal transplant patients with New Onset Diabetes Mellitus (NODM) after renal transplantation.	Department of Nephrology

190.	CAZ	Department of Gastroenterology
191.	A multi-centric retrospective outcome analysis of contemporary anti- platelet discontinuation practices in CAD patients undergoing surgeries.	Department of Clinical Cardiology
192.	Open-label, Observational, Prospective, Real-time data capturing of Usage, Outcome & Physician satisfaction of Coseal in Cardio-Vascular-Thoracic Operative and Re-operative procedures	Department Of Thoracic Surgery
193.	An open label, randomized, prospective, pilot study to assess the efficacy of either conversion from tacrolimus to Cyslosporin-based immunosuppression or continuation of Tacrolimus, on glucose metabolism in renal transplant patients with New Onset Diabetes Mellitus(NODM) after renal transplantation.	Department of Gastroenterology
194.	Effects of different antibiotics on ESBL and MBL producing clinical isolates of E.coli, P.aeruginosa, K.pneumonia and A.baumannii and dose correlation of MIC with CSE 1034 pharmacokinetic study.	Department of Laboratory Medicine
195.	EFC11569	Department of Clinical Cardiology
196.	EFC12732	Department of Clinical Cardiology
197.	EFC12492	Department of Clinical Cardiology
198.	Single-arm study of Symplicity™ Renal Denervation System in Patients with Uncontrolled Hypertension in India, Version 1C, 02 April,2013.	Department of Electrophysiology
199.	Asian Sudden Cardiac Death in Heart Failure(ASIAN-HF) prospective Observational registry.	Department of Clinical Cardiology
200.	Outcome of Living Donor Liver transplantation in patients with Hepatopulmonary Syndrome.	Department of Hepatology & Liver Transplant
201.	Invasive Fungal infection in hematology centers	Department of Gastroenterology
202.	signal-to-cut--off (s/co) ratio for Hepatitis C infection in an Indian population	Department of Laboratory Medicine
203.	Carbapenems and 3rd generation cephalosporins in ICU	Department of Laboratory Medicine
204.	A Phase 3, International , Multi-Centre, Randomized, Double-Blind, Placebo-Controlled, Clinical Worsening Study of UT-15C in subjects with Pulmonary Arterial Hypertension Receiving Background Oral Monotherapy.	Department of Clinical Cardiology
205.	TDE-PH-311:An open label extension study of UT-15C in subjects with pulmonary arterial hypertension- a long term follow-up to protocol TDE-PH-310.	Department of Clinical Cardiology
206.	International Registry for Aortic Dissection.	Department of CTVS
207.	Hepatitis C infection in an Indian population	Department of Blood Bank

208.	A Double blind, randomized, placebo controlled multicenter study assessing the impact of additional LDL cholesterol reduction on major cardiovascular events when AMG 145 is used in combination with statin therapy in patients with clinically evident cardiovascular disease.	Department of Clinical Cardiology
209.	Incidence of posterior wall penetration during internal jugular cannulation:A comparison of two techniques using real time ultrasound.	Department of Critical Care & Anesthesia
210.	NANOLUTE FIM: First-In-Man Assessment of the Novel Magic Touch Sirolimus Drug Coated Balloon Catheter for the Treatment of Coronary Lesions.	Department of Interventional Cardiology
211.	LIFECARE: An Evaluation the 'Real World' Clinical Performance in India of the MGuard™ Coronary Stent System. A prospective, Observational, Multicenter Registry.	Department of Interventional Cardiology
212.	R-TPR-015 (1422015) in patients with active Rheumatoid Arthritis (Reliance)	Department of Rheumatology & Clinical Immunology
213.	Prospective study of Bovine Pericardial & Porcine Valve in Mitral and Aortic Position.	Department of CTVS
214.	A Phase I, Randomized controlled safety and efficacy study for the use submucosal intraduodenal injection of autologous bone marrow derived nucleated cells in treating Type 2 Diabetes Mellitus.	Department of Endocrinology & Diabetes
215.	Epidemiological Analysis of Extended Spectrum β -Lactamase- Producing Bacterial Infections in Adult Live Donor Liver Transplant Recipients.	Department of Critical Care & Anesthesia
216.	Outcome of Living Donor Liver transplantation for Hepatitis C related Cirrhosis.	Department of Hepatology & Liver Transplant
217.	Abluminus	Department of Interventional Cardiology
218.	Lambda	Department of Gastroenterology
219.	To study the prevalence of drug-resistant Spontaneous Bacterial Peritonitis (SBP) in patients with cirrhosis and ascites.	Department of Gastroenterology
220.	VRE	Department of Critical Care & Anesthesia
221.	Percutaneous Tracheostomy	Department of Critical Care & Anesthesia
222.	An open label, randomized, prospective, observational clinical study to compare the efficacy and safety of Ceftriaxone+ EDTA + Sulbactam (ELORES) with piperacillin+ tazobactam (ZOSYN) in patients with lower respiratory tract infections caused by ESBL-producing Gram-negative bacteria.	Department of Critical Care & Anesthesia
223.	IL-28	Department of Gastroenterology
224.	Predictive Value Of Urinary Biomarkers In Acute Kidney Injury In Infants Less Than 6 Months Undergoing Prolonged Cardiopulmonary Bypass.	Department of Nephrology

225.	BCDX	Department of Rheumatology & Clinical Immunology
226.	Evaluation of safety and efficacy of the BACE™ (Basal Annuloplasty of the Cardia Externally) device in the treatment of Functional Mitral valve Regurgitation (FMR)	Department of CTVS
227.	ODYSSEY Outcomes	Department of Clinical Cardiology
228.	Medanta Cardiometabolic Disease Study.	Department of Clinical Cardiology
229.	A Clinical Evaluation of ST Changes in a Group of Patients having Ventricular Arrhythmias	Department of Electrophysiology
230.	Robotic Renal Transplant	Department of Urology
231.	GS-6624-105	Department of Hepatology & Liver Transplant
232.	GS-6624-106	Department of Hepatology & Liver Transplant
233.	International Study of Comparative Health Effectiveness with Medical and Invasive Approaches (ISCHEMIA)	Department of Interventional Cardiology
234.	A prospective, observational study of Post Operative Ventricular Arrhythmias	Department of Electrophysiology
235.	Attain Performa	Department of Electrophysiology
236.	I-Pro	Department of Endocrinology & Diabetes
237.	Measurement of optic nerve sheath diameter to find its correlation with raised intra cranial pressure	Department of Critical Care & Anesthesia
238.	A phase 3B study to evaluate the potential of Alogliptazar to reduce cardiovascular risk in patients with stable cardiovascular disease and glucose abnormalities	Department of Interventional Cardiology
239.	JADW	Department of Rheumatology & Clinical Immunology
240.	JADX	Department of Rheumatology & Clinical Immunology
241.	JADZ	Department of Rheumatology & Clinical Immunology
242.	An Observational, Prospective, Open Label Study comparing enteric-coated mycophenolate Sodium (EC-MPS) with Mycophenolate mofetil (MMF) with calcineurin inhibitor (CNI) de-novo in patients after primary liver transplant.	Department of Liver Transplant & Regenerative Medicine

243.	ELORES	Department of Critical Care & Anesthesia
244.	An Observational Longitudinal Study of the impact of Sleeve gastrectomy on the glycemic control in type 2 Diabetes.	Department of Endocrinology & Diabetes
245.	An Observational cross sectional study to identify the pre hospital factors that influence hospital arrival time in an accurate stroke event.	Department of Neurology
246.	Feasibility of conducting Human Sporozoite Infection and challenge Studies in healthy adult Malaria Naïve Volunteers (Protocol Number- MAL/2013/001)	Department of Internal Medicine
247.	Cyberknife® Partial Breast Irradiation for early stage Breast cancer	Department of Radiation Oncology
248.	Capsure fix	Department of Electrophysiology
249.	Prospective, multicentre, international registry of male and female patients newly diagnosed with atrial fibrillation (GARFIELD registry	Department of Electrophysiology
250.	Efficacy of low dose hepatitis B immunoglobulin with high genetic barrier antivirals to prevent reinfection of liver graft.	Department of Hepatology & Liver Transplant
251.	Antibiotic surveillance	Department of Laboratory Medicine
252.	Hospital based study on reference range of Serum PSA Levels: A Current Appraisal.	Department of Laboratory Medicine
253.	Practice Pattern Variation in Discontinuing Mechanical Ventilation in critically ill adults: An International Prospective Observational Study.	Department of Critical Care & Anesthesia
254.	Comparative in-vitro activity of Daptomycin, Vancomycin and Teicoplanin against Gram-Positive Bacterial Isolates.	Department of Laboratory Medicine
255.	A multicentre uncontrolled extension study evaluation Efficacy and Safety of SAR153191 on top of DMARD's in patients with active RA.	Department of Rheumatology & Clinical Immunology
256.	To Study the efficacy of Dexmedetomidine and clonidine drugs for analgesic and sedation during and after the insertion of PERMACATH/HICKMANLINE in cancer patients under monitored anesthesia care.	Department of Critical Care & Anesthesia
257.	Dyslipidemia International Study II	Department of Electrophysiology
258.	Protocol: Stethoscope: Healthcare associated infection transmitter.	Department of Microbiology
259.	Thromboelastography as a preoperative tool to guide transfusion in neurosurgical patients with hemostatic abnormalities.	Department of Critical Care & Anesthesia
260.	Accuracy of MRI based quantification of hepatic fat.	Department of Radiology

261.	Repamycin Eluting biodegradable polymer based FlexyRap Coronary stent in obstructive native artery in Indian population.	Department of Interventional Cardiology
262.	Hepatitis E virus infection in liver transplant recipients in India.	Department of Hepatology & Liver Transplant
263.	A randomized,controlled trial to assess the impact of TAMA (Health IT System) on treatment effectiveness in HIV-1 infected subjects initiated on first-line antiretroviral therapy.	Department of Internal Medicine
264.	Coronary Artery Bypass Grafting Project.	Department of CTVS
265.	Correlation of histomorphology with immunohistochemistry in lung malignancies at a tertiary care centre in India.	Department of Pathology
266.	Correlation of T2 WI, Apparent Diffusion Coefficient, MR Spectroscopy and Dynamic contrast enhanced MRI with histopathology in cases of CA prostate.	Department of Radiology
267.	A Prospective observational study to analyze the impact of ALA dye on the extent of resection for malignant high grade gliomas.	Department of Neurosurgery
268.	An ambispective, observational study of management of post median sternotomy of sternotomy wound infections.	Department of Plastic surgery
269.	To know if there is any correlation between SUVmax at the site of biopsy and Ki 67, proliferation marker in recently diagnosed NHL.	Department of Nuclear Medicine
270.	Pressure ulcer prevalence in Northern tertiary Hospital of India	Department of Critical Care & Anesthesia
271.	Medication use patterns, treatment satisfaction, and inadequate control of Osteoporosis study [MUSIC-OS]: an Asia pacific study of postmenopausal women treated for Osteoporosis in clinical practice.	Department of Endocrinology & Diabetes
272.	Health Literacy in patients with Diabetes Mellitus in India.	Department of Endocrinology & Diabetes
273.	Surgery for Gallbladder Cancer	Department G I Surgery, G I Oncology and Bariatric Surgery
274.	Molecular characterization of early-onset sporadic rectal cancer.	Department G I Surgery, G I Oncology and Bariatric Surgery
275.	GLORIA-AF	Department of Clinical Cardiology
276.	Global Registry on Long-Term Oral Anti-thrombotic Treatment In Patients with Atrial Fibrillation (Phase II/III)	Department of Electrophysiology
277.	Miracle-EF	Department of Electrophysiology
278.	Prevalence of Anemia and the Usage pattern of Erythropoiesis stimulating agent In Indian CKD patients.	Department of Nephrology

279.	A phase 3b, Multi center, Randomized, Open-Label, Study to evaluate the Safety and Efficacy of Sofosbuvir Plus Ribavarin in Treatment-Naïve Adults with Chronic Genotype 1 or 3 Hepatitis C virus Infection.	Department of Gastroenterology
280.	Clinical and microbiological analysis of emerging pathogen Elizabethkingia meningoseptica infection in patients admitted to hospital.	Department of Laboratory Medicine
281.	Incidence, Prevalence & Risk factors of Venous Thromboembolism in patients undergoing Knee Replacement ; an Indian Prospective.	Department of Critical Care & Anesthesia
282.	To study the incidence , risk factors and clinical course of clostridium difficile associated diarrhoea in ICU patients of a tertiary care hospital of North India.	Department of Critical Care & Anesthesia
283.	Feasibility and factors analysis in whipples	Department G I Surgery, G I Oncology and Bariatric Surgery
284.	DNA amplification assay-C.difficile	Department of Microbiology
285.	Microbiological assessment of surgical masks	Department of Microbiology
286.	Assessment of white coat	Department of Microbiology
287.	Obstructive sleep apnea	Department of Respiratory Respiratory & Sleep Medicine
288.	Survey-ILD	Department of Respiratory Respiratory & Sleep Medicine
289.	Monitoring in Dialysis Clinical Study – India	Department of Nephrology
290.	Medanta Severe Acute Pancreatitis Registry	Department of Critical Care & Anesthesia
291.	Role of Ulinastatin	Department of Critical Care & Anesthesia
292.	Phase IV-Ulinastatin	Department of Critical Care & Anesthesia
293.	A phase 3 randomized, double blind, placebo controlled study to evaluate the efficacy and safety of BMS-188667 (Abatacept) or placebo on a background of Mycophenolate Mofetil (MMF) and corticosteroids in subjects with active class III or IV Lupus Nephritis – ALLURE	Department of Rheumatology & Clinical Immunology
294.	Cyberknife-benign brain tumors	Department of Neurosurgery
295.	A randomized, double-blind, placebo-controlled, event driven trial of quarterly subcutaneous canakinumab in the prevention of recurrent cardiovascular events among stable post-myocardial infarction patients with elevated hsCRP	Department of Interventional Cardiology

296.	Type-1 diabetes in North Indian Population	Department of Endocrinology & Diabetes
297.	A Prospective, Multi-centre, Observational study to profile chronic cholestatic liver diseases in patient population receiving Udiliv in India: The SPLENDID Study	Department of Gastroenterology
298.	Advance-CRT	Department of Electrophysiology
299.	Paravertebral Vs. epidural-renal transplant	Department of Critical Care & Anesthesia
300.	U-Tryp	Department of Critical Care & Anesthesia
301.	Pediatric brain tumor	Department of Pathology
302.	To compare the efficacy and safety of Intra Aortic Balloon Pump (IABP) insertion in cardiogenic shock post-acute myocardial infarction	Department of Critical Care & Anesthesia
303.	Severity of Sleep Apnea Syndrome with Body Mass Index.	Department of Respiratory Respiratory & Sleep Medicine
304.	Ertapenem-PD	Department G I Surgery, G I Oncology and Bariatric Surgery
305.	Spin cross match	Department of Blood Bank
306.	Fungemia	Department of Critical Care & Anesthesia
307.	Evaluation of CANDIDA SCORE and STAR CRITERIA in critically ill patients	Department of Critical Care & Anesthesia
308.	Sarcopenia in Liver transplant recipients	Department of Hepatology & Liver Transplant
309.	An exploratory, Open Label, single arm study to assess the effect of Patch-It® on blood circulation.	Department of Peripheral, Vascular & Endovascular Sciences
310.	vitamin D in Pediatric population (ViDaPed study) in India	Department of Endocrinology & Diabetes
311.	A 24 month, randomized, controlled, study to evaluate the efficacy and safety of concentration- controlled everolimus plus reduced tacrolimus compared to standard tacrolimus in recipients of living donor liver transplants (CRAD001H2307)	Department of Liver Transplant & Regenerative Medicine
312.	Study to evaluate Safety and Efficacy of PreLipid® on subjects with higher than normal blood lipid levels	Department of Clinical Cardiology
313.	Identifying High Risk Patients Post Myocardial Infarction with Reduced Left Ventricular Function using External Loop Recorders (INSPIRE-ELR study).	Department of Electrophysiology

314.	Blood transfusions-whipples	Department G I Surgery, G I Oncology and Bariatric Surgery
315.	PREDICT study	Department of Gastroenterology
316.	Fibrinolysis in Liver Transplantation for Hepatocellular Carcinoma.	Department of Critical Care & Anesthesia
317.	An analysis of the factors determining the choice of placement of intraoperative drains in patients undergoing Whipple surgery and the impact of abdominal drainage (or the lack of it) on postoperative outcomes	Department G I Surgery, G I Oncology and Bariatric Surgery
318.	The effect of Hydroxy ethyl starch on Renal function in patients undergoing Liver transplantation- does it have significant impact on outcome?	Department of Critical Care & Anesthesia
319.	Strain surveillance during chemotherapy for improving cardiovascular outcomes (SUCCOUR) study	Department of Clinical Cardiology
320.	GS-US-320-0108: A phase 3, randomized, double-blind study to evaluate the safety and efficacy of Tenofovir Alafenamide (TAF) 25mg QD versus Tenofovir Disoproxil Fumarate (TDF) 300 mg QD for the treatment of HBeAg-Negative, chronic Hepatitis B.”	Department of Gastroenterology
321.	GS-US-320-0110: A phase 3, randomized, double-blind study to evaluate the safety and efficacy of Tenofovir Alafenamide (TAF) 25mg QD versus Tenofovir Disoproxil Fumarate (TDF) 300mg QD for the treatment of HBeAg-positive, chronic Hepatitis B	Department of Gastroenterology
322.	ASSIST - PATIENT SATISFACTION SURVEY: PAIN MANAGEMENT	Department of Critical Care & Anesthesia
323.	Cytological Diagnosis Of Pancreatic Lesions In The Indian Subcontinent Using Linear Array Endoscope- A Four Year Study	Department of Pathology
324.	A trial comparing cardiovascular safety of Insulin degludec versus Insulin glargine in subjects with Type2 diabetes at high risk of cardiovascular events (DEVOTE study)	Department of Endocrinology & Diabetes
325.	Comparison of Dexmedetomidine and Labetolol for induced hypotension in Functional Endoscopic Sinus surgery under general anaesthesia using desflurane	Department of Critical Care & Anesthesia
326.	Accent Cardiac MRI study- A clinical evaluation of the safety and efficacy of SJM MRI Conditional Pacing System in subjects undergoing Cardiac Magnetic Resonance Imaging (MRI)	Department of Electrophysiology
327.	MeRes-1: Aprospective, multicentre, Historical control single arm, open label Pilot Clinical Study of MeRes Sirolimus Eluting Bioresorbable Vascular Scaffold System (BVS) in the treatment of de-novo native coronary artery lesions	Department of Interventional Cardiology
328.	An open-label randomized multicenter Phase III clinical study comparing safety and efficacy of Algeron (cepeginterferon alfa-2b, CJSC Biocad, Russia) and ribavirin with Pegasys (peginterferon alfa-2a, F. Hoffmann-La Roche Ltd, Switzerland) and ribavirin for treatment of patients with chronic hepatitis C.	Department of Gastroenterology
329.	Femoral versus adductor canal continuous peripheral nerve blocks for knee arthroplasty- an open label randomized study.	Department of ORTHO - ANAESTHESIA

330.	Role of MR perfusion and MR spectroscopy in differentiating intracranial tumor and tumor like lesion.	Department of Radiology
331.	Quantification of coronary artery stenosis on dual source 256 slice Ct and comparison with catheter angiography	Department of Radiology
332.	To study Carbapenem Resistant Klebsiella Pneumonia in blood stream infection	Department of Laboratory Medicine
333.	Comparison of diagnostic yield of samples collected by capillary action, suction and no suction technique in EUS guided FNA	Department of Gastroenterology
334.	A single blind randomized controlled pilot study to compare the efficacy of Wing stents versus conventional plastic stents for anastomotic biliary strictures after Liver transplantation.	Department of Gastroenterology
335.	An observational pilot study to assess the efficacy of intraductal bupivacaine and triamcinolone intraductal spray for pain relief in patients with chronic pancreatitis with non dilated duct	Department of Gastroenterology
336.	Temporal Co-relation of Myocardial deformation detected by Speckle Tracking Echocardiography with Myocardial Radiation dose in carcinoma left breast patients.	Department of Radiation Oncology
337.	Efficacy of natural alternatives in preventing treatment induced oral mucositis in head and neck cancer patients	Department of Radiation Oncology
338.	Comparative effectiveness of an integrated yoga programme on quality of life and psychosocial stress in breast cancer patients receiving adjuvant radiotherapy.	Department of Radiation Oncology
339.	Randomized Comparison between CPVI Plus Electrophysiological Substrate Ablation in the Left Atrium during Sinus Rhythm(STABLE-SR) vs. stepwise Approach for the treatment of Persistent Atrial Fibrillation.	Department of Electrophysiology
340.	Improve-SCA	Department of Electrophysiology
341.	EVERA MRI Clinical Study	Department of Electrophysiology
342.	Prevention of postoperative Nausea and Vomiting (PONV) following middle ear exploratory surgeries using palonosetron and ondansetron – A Randomized comparative study	Department of Critical Care & Anesthesia
343.	A prospective observational study of nutritional assessment in patients with gastrointestinal malignancy and its impact on adverse events following surgery	Department G I Surgery, G I Oncology and Bariatric Surgery
344.	Estimation of healthy limits of alanine aminotransferase in healthy donors based on liver histology	Department of Gastroenterology
345.	Molecular Epidemiology of Carbapenemases	Department of Critical Care & Anesthesia
346.	JADE vs Diamond	Department of Endocrinology & Diabetes
347.	Post-operative analgesic effects of intravenous Dexmedetomidine or Clonidine in patients receiving intrathecal Bupivacaine and Morphine combination undergoing knee replacement surgery	Department of Critical Care & Anesthesia

348.	Clinico-Radiological Functional Outcome of Tibial Plateau Fractures Following Open Reduction and Internal Fixation	Department of Orthopedics
349.	Comparision of new treponemal assay with the current treponemal assay for syphilis in blood donors	Department of Blood Bank
350.	Asian Metastatic Colorectal Cancer Registry	Department of Medical Oncology
351.	A Phase 3, Multicenter study to evaluate the long term safety and efficacy of Baricitinib in patients with Rheumatoid Arthritis.	Department of Rheumatology & Clinical Immunology
352.	A longitudinal cohort study to observe the effects of Bios life D, an herbal dietary food supplement, on body weight, BMI and Lipid profile of adults	Department of Ayurveda and Integrative Medicine
353.	Thromboelastography	Department of Critical Care & Anesthesia
354.	To evaluate the incidence of associated soft tissue, interosseous/extraosseous ligamentous, cartilaginous and carpal bone injury with distal radius fracture	Department of Orthopedics
355.	correlation of Cardiac Computed Tomography in children (0 to 18 years) with Congenital Heart disease with Trans-thoracic echo-cardiographic findings	Department of Radiology
356.	To study the clinical and biochemical profile of primary hyper parathyroid patients	Department of Endocrinology & Diabetes
357.	A prospective observational longitudinal study to evaluate clinicopathological features, prognostic factors and treatment outcome in locally advanced breast carcinoma in a tertiary care centre	Department of Medical Oncology
358.	A study of clinic-pathological features, prognostic factors and treatment outcomes in diffuse large B-cell lymphoma in a tertiary care center	Department of Medical Oncology
359.	A Double-blind, Placebo-controlled, Randomized, Multiple-dose, Dose-ascending Study to Evaluate the Safety, Tolerability and Pharmacokinetics of TRC160334 after intravenous administration in patients at risk of developing Acute Kidney Injury	Department of Nephrology
360.	An observational longitudinal study to evaluate the role of Transcutaneous angiography (Spy angiography) as a diagnostic tool for predicting the healing of ischemic wound.	Department of Peripheral, Vascular & Endovascular Sciences
361.	An Observational single centre longitudinal study to evaluate the safety and efficacy of of Atherectomy in Limb Salvage in Patients with Symptomatic Infra-inguinal Atherosclerotic Disease	Department of Peripheral, Vascular & Endovascular Sciences
362.	To evaluate the accuracy of preoperative multi-parametric contrast enhanced MRI in histopathological staging of rectal cancer.	Department G I Surgery, G I Oncology and Bariatric Surgery
363.	Evaluation of magnetic resonance imaging (MRI)-Transrectal ultrasound (TRUS) fusion guided biopsy in diagnosis of prostate cancer	Department of Urology
364.	Predicting stone free rates after PCNL: what is best? – Multi institutional validation and comparison of 3 scoring systems	Department of Urology
365.	Echocardiography Guided Versus Electrocardiography Guided Interventricular Delay Optimization in Cardiac Resynchronization Therapy	Department of Clinical Cardiology

366.	Effect of enhanced external counterpulsation (EECP) on endothelial function and myocardial mechanics	Department of Clinical Cardiology
367.	Preemptive analgesic efficacy of Paracetamol and Tramadol in pediatric patients undergoing adenotonsillectomy: A comparative, double blinded, randomized study.	Department of Critical Care & Anesthesia
368.	Role of cholangioscopy in evaluation of biliary strictures in patients of living donor liver transplant (LDLT)	Department of Gastroenterology
369.	Ultrasound Evaluation of Ovarian masses and correlation with Cross Section Imaging (MRI/CT Scan) and Histopathology	Department of Radiology
370.	Renal transplant outcomes in allografts with multiple versus single renal arteries- one year follow up in a tertiary care hospital following laparoscopic donor nephrectomies	Department of Urology
371.	Bivalirudin with Provisional Planned Glycoprotein IIb/IIIa blockade vs Heparin with Provisional Planned Glycoprotein IIb/IIIa blockade in patients with Acute Coronary Syndrome (ACS) undergoing Percutaneous Coronary Revascularization, an observational study.	Department of Clinical Cardiology
372.	Pattern of care and survival studies in Head and neck cancer, cervix cancer and breast cancer.	Department of Radiation Oncology
373.	Comparing the three-step (Povidone Iodine/Isopropyl Alcohol/Povidone Iodine) with one-step (Chlorhexidine & Isopropyl Alcohol) skin disinfection before blood donation	Department of Blood Bank
374.	Indian Heart Failure Registry: An observational multicentre longitudinal cohort study”	Department of Clinical Cardiology
375.	Impact of carbapenem resistance on outcome of bloodstream infections in developing countries: A prospective cohort study	Department of Microbiology
376.	To study the outcome of dexmedetomidine in different doses in hemodynamic responses to skull-pin insertion in patients undergoing craniotomies	Department of Critical Care & Anesthesia
377.	Prospective, observational study to demonstrate safety, efficacy and outcomes of slow low efficiency dialysis (SLED) in critically ill patients with acute kidney injury (AKI)	Department of Nephrology
378.	Role of High Resolution Ultrasound, Doppler and Sonoelastography in Predicting Malignancy In Thyroid Gland And Its Co-Relation With Cytopathology	Department of Radiology
379.	Observational prospective study to correlate incidence of cleft palate fistula with anatomical variation of cleft palate	Department of Plastic surgery
380.	Validation of Risk Scoring System to Predict Contrast Induced Nephropathy Following Percutaneous Coronary Intervention	Department of Interventional Cardiology
381.	Extension of CRISP-AMI	Department of Interventional Cardiology
382.	The Spectrum Of Infections In Renal Transplant Recipients In Indian Population- A Single Centre Prospective Study	Department of Nephrology
383.	Balanced crystalloid compared with balanced colloid solution using a goal directed hemodynamic algorithm guided by stroke volume optimization in major abdominal surgeries	Department of Critical Care & Anesthesia

384.	A Prospective observational study of new postoperative Atrial Fibrillation in cardiac valvular surgery and its outcome.	Department of CTVS
385.	Global point prevalence survey of antimicrobial consumption and resistance (Global-PPS)	Department of Microbiology
386.	Adapt Response Study	Department of Electrophysiology
387.	ABLATOR ablation observational registry	Department of Electrophysiology
388.	REDUCE LAP-HF TRIAL: A study to evaluate the DC Devices, Inc. IASD™ System II to REDUCE Elevated Left Atrial Pressure in Patients with Heart Failure	Department of Electrophysiology
389.	Biopsy proven Acute rejection episodes at 6 months in Renal Transplant Recipients receiving Tacrolimus based triple Immunosuppression with and without Basiliximab .An Observational ,Single Centre study	Department of Nephrology
390.	A prospective observational study on the role of intraoperative MRI in surgical management of pituitary adenomas	Department of Neurosurgery
391.	Needs assessment for patients' nutritional care post renal transplant	Department of Nephrology
392.	Clinical registry of cholangioscopy using the Spyglass TM Direct visualization system (DVS) throughout the AMEA (Asia, Middle-east, Africa) region	Department of Gastroenterology
393.	A prospective observational study to evaluate the correlation of Cytomegalovirus (CMV) in Primary Glioblastomas(GBM's) in an Indian population at a tertiary care centre in North India	Department of Neurology
394.	International registry to assess medical practice with longitudinal observation for treatment of heart failure (REPORT-HF)	Department of Clinical Cardiology
395.	DISCOVER: DISCOVERing treatment reality of type II diabetes in real world settings	Department of Endocrinology & Diabetes
396.	The One Million Global (OMG) peripheral intravenous catheters (PIVC) study	Department of Critical Care & Anesthesia
397.	Predictivity value of 3D reconstruction CT scan of chest in surgical management sternal osteomyelitis	Department of Plastic surgery
398.	A Randomized controlled study to evaluate two doses of propofol for Laryngeal Mask Airway insertion in patients' pre medicated with midazolam and Fentanyl	Department of Critical Care & Anesthesia
399.	Observational cross sectional study to identify cosmic mutations in Myeloproliferative neoplasms using a fixed panel of 50 genes in a tertiary care centre.	Department of Pathology
400.	Molecular profiling of lung malignancies using a panel of 207 cancer hotspots at a tertiary care centre in India	Department of Pathology
401.	High resolution Magnetic Resonance Imaging (MRI) Evaluation of Peripheral Nerve pathologies	Department of Radiology

402.	A prospective, randomized, open-label, blinded end point (PROBE) study to evaluate DUAL antithrombotic therapy with dabigatran etexilate (110 mg & 150 mg b.i.d) plus clopidogrel or ticagrelor vs. triple therapy strategy with warfarin (INR 2.0-3.0) plus clopidogrel or ticagrelor and aspirin in patients with non-valvular atrial fibrillation (NVAF) that have undergone a percutaneous coronary intervention (PCI) with stenting (RE-DUAL PCI)	Department of Clinical Cardiology
403.	Differential diagnosis for Segmental Non Mass Enhancement on breast MRI	Department of Radiology
404.	A prospective, randomized, controlled study comparing the effects of Normal Saline versus Plasmalyte as intravenous fluid on Acid-Base status (Base excess) during renal allografting.	Department of Critical Care & Anesthesia
405.	An Observational study to evaluate the effectiveness of memantine and rivastigmine in language recovery in post-stroke aphasia	Department of Neurology
406.	Genotypic analysis of gastrointestinal stromal tumors using targeted next generation sequencing	Department of Pathology
407.	Randomized study of stereotactic body radiation therapy (SBRT) versus transarterial chemoembolization (TACE) in hepatocellular carcinoma	Department of Radiation Oncology
408.	To identify Genetic factors involved in coronary artery disease and myocardial infarction in young adults.	Department of Clinical Cardiology
409.	Perimapullary and Pancreatic head (ductal) cancer – A clinical and molecular biological comparative analysis	Department G I Surgery, G I Oncology and Bariatric Surgery
410.	To study role of neut – x and neut – y in picking up megaloblastic anemia on peripheral blood and in differentiating from other macrocytic anemias	Department of Laboratory Medicine
411.	To study the polymorphism of genes associated with transcription factor (NrF2) and oxidative stress (NQO1) in pancreatic cancer (ductal adenocarcinoma)	Department of Laboratory Medicine
412.	Surgical outcomes of medically intractable epilepsy in tertiary care center	Department of Neurosurgery
413.	Assessment of the markers for predicting infections in acute severe pancreatitis.	Department of Gastroenterology
414.	More-CRT MPP study	Department of Interventional Cardiology
415.	Autonomic Neural Regulation Therapy to Enhance Myocardial Function in Heart Failure with Preserved Ejection Fraction (ANTHEM-HFpEF) Study	Department of CTVS
416.	Study of Indian Transplant Acceptance and Rejection (SITAR	Department of Nephrology
417.	Social determinants of antibiotic misuse in India”; Prescription study	Department of Microbiology
418.	A non-interventional prospective observational Study to understand the usage pattern of Ticagrelor in Indian patients with acute coronary syndrome (TREASURE Study).	Department of Clinical Cardiology
419.	Voice outcome after trans-oral laser surgery for benign lesions of vocal cords	Department of ENT & Head Neck Surgery

420.	Vitamin D estimation in cases of Tinnitus and effect of Vitamin D supplementation on Tinnitus	Department of ENT & Head Neck Surgery
421.	A Prospective randomized double blind control study comparing Desflurane with Sevoflurane on awakening and recovery in outpatient surgery using a LMA under a balanced anesthetic maintenance regimen with inclusion of opioids	Department of Critical Care & Anesthesia
422.	A Cross sectional study of the Hematological and Biochemical parameters of clinically healthy persons in North India	Department of Clinical Cardiology
423.	Bio-repository protocol at Medanta Institute of Education and research	Department of Clinical Research
424.	Endoscopic ultrasound guided transmural drainage of walled off pancreatic necrosis (WOPN): comparison between a specially designed fully coverage large bore wide flare removable metal stent (FCSEMS) vs. multiple plastic stents: a single centre, observational study	Department of Gastroenterology
425.	Advanced BRADYCARDIA device feature utilization and clinical Outcomes II	Department of Electrophysiology
426.	A comparison of the influence of epilepsy on marriage between males and females	Department of Neurology
427.	An analysis of costs associated with Whipple surgery at a Tertiary Care Centre and the impact of complications on health economics	Department G I Surgery, G I Oncology and Bariatric Surgery
428.	A multicenter, randomized, double-blind, parallel group, active-controlled study to evaluate the efficacy and safety of LCZ696 compared to valsartan, on morbidity and mortality in heart failure patients (NYHA Class II-IV) with preserved ejection fraction (Paragon Study)	Department of Clinical Cardiology
429.	An Open Label, Prospective, Post Marketing Study to evaluate the Safety, Tolerability and Efficacy of Rituximab with Glucocorticoids in adult patients with Wegner's Granulomatosis or Microscopic Polyangiitis	Department of Rheumatology & Clinical Immunology
430.	Simponi study	Department of Rheumatology & Clinical Immunology
431.	Safety & efficacy of Lipiodol® ultrafluid in association with surgical glues during vascular embolization.	Department of Peripheral, Vascular & Endovascular Sciences
432.	Evaluating the reliability, safety and utility of bedside blood grouping card as a part of blood safety	Department of Blood Bank
433.	A 12 week treatment, multicenter, randomized, double-blind double-dummy, parallel group study to assess the efficacy and safety of switching from salmeterol/fluticasone to QVA149 (indacaterol maleate/glycopyrronium bromide) in symptomatic COP patients	Department of Respiratory Respiratory & Sleep Medicine
434.	Safety and efficacy of Intensity Modulated Radiotherapy (IMRT) in gynaecological cancers	Department of Radiation Oncology
435.	Diagnostic accuracy of the Bethesda system for reporting thyroid cytopathology with histopathological correlation - an institutional perspective	Department of Pathology

436.	Comparison of outcome of marginal renal graft to standard renal graft in terms of estimated graft Glomerular filtration rate: - A Single center observational prospective study	Department of Urology
437.	Serum High-Sensitivity C-Reactive Protein (hs-CRP) Levels in Patients with Erectile Dysfunction	Department of Urology
438.	A prospective observational study of complications and outcomes after total knee arthroplasty (TKA) in geriatric patients	Department of Critical Care & Anesthesia
439.	Comparison between 1)lactate clearance levels,2)central venous-arterial carbon dioxide difference, 3)central venous-arterial CO2 content over arterial-venous O2 content difference and 4)central venous-arterial CO2 difference and arterial-venous O2 content difference ratio as marker of resuscitation and patient outcome in patients with septic shock	Department of Critical Care & Anesthesia
440.	Outcome of brachiocephalic fistula for hemodialysis access	Department of Peripheral, Vascular & Endovascular Sciences
441.	Applying newer parameter reticulocyte hemoglobin equivalent (ret-he) to assess latent iron deficiency in blood donors	Department of Blood Bank
442.	Significance of Isolated anti HBc in blood donors: a study after implementation of nucleic acid amplification test (NAT)	Department of Blood Bank
443.	Observational study to evaluate the predictivity of vasospasm after ruptured anterior cerebral artery aneurysm –using transcranial cerebral oximetry (TCCO)and transcranial cerebral doppler (TCD)	Department of Critical Care & Anesthesia
444.	Outcomes of living donor liver transplantation in alcoholic liver disease: experience from a large single center program	Department of Hepatology & Liver Transplant
445.	Safety & efficacy of Lipiodol® ultrafluid in association with surgical glues during vascular embolization	Department of Neurology
446.	Prevalence and Risk factors of Non Postural medical device related Pressure ulcers (MDRPU) in intensive care units of tertiary care referral hospital in Northern India	Department of Critical Care & Anesthesia
447.	Prevalence and risk factors of delirium in ICU patients	Department of Critical Care & Anesthesia
448.	An observational descriptive study to isolate and characterize stenotrophomonas maltophilia and acinetobacter baumannii (emerging pathogens), and profiling the patients infected with the same in a tertiary care hospital	Department of Laboratory Medicine
449.	A cross-sectional observational Hospital Based study on Clinical and Serological correlation in SLE patients	Department of Rheumatology & Clinical Immunology
450.	Clinical, functional and radiological outcome of transforaminal lumbar interbody fusion	Department of Orthopedics
451.	Prospective study of histopathological spectrum of extranodal non hodgkin lymphoma at a tertiary health care centre in north india	Department of Pathology
452.	Preoperative use of Metformin in Type 2 Diabetes and its effect on lactate levels in subjects undergoing Coronary Artery Bypass Graft Surgery	Department of Endocrinology & Diabetes

453.	The observational prospective study of matrix assisted laser desorption ionization-time of flight mass spectrometry and molecular characterization of candida species isolated from cases of fungemia/invasive mycosis	Department of Microbiology
454.	A prospective phase 4 open label multicenter study to evaluate Zilver® PTX® drug eluting peripheral stent in patients with lesions of the-above-the-knee femoropopliteal artery in India	Department of Peripheral, Vascular & Endovascular Sciences
455.	Prospective, Single arm, Multi-centre, Observational registry to further validate safety and efficacy of the Ultimaster DES System in Unselected Patients representing everyday clinical practice	Department of Interventional Cardiology
456.	Risk Estimation Following Infarction, Non-invasive Evaluation – ICD efficacy (REFINE ICD)	Department of Electrophysiology
457.	Current status of MR/CT small bowel imaging conformity to guidelines-single institution experience of over 800 cases	Department of Radiology
458.	Observational study to evaluate the role of percentage signal recovery (PSR) derived from dynamic susceptibility weighted contrast enhanced perfusion MR imaging in differentiating various enhancing intracranial lesions	Department of Radiology
459.	Histomorphological spectrum of colonic polyps in a tertiary care center in North India – A prospective study.”	Department of Pathology
460.	Respiratory, cerebrovascular, and cardiovascular homeostasis during robotic assisted laparoscopic radical prostatectomy: Comparative evaluation of modified Z trendelenburg position and conventional steep trendelenburg position	Department of Critical Care & Anesthesia
461.	Adjunctive impact of non conventional therapies on outcomes in patients of Progressive Supranuclear Palsy	Department of Neurology
462.	changed topic to Clinical profile of non paediatric patients presenting with headache at a headache clinic in a tertiary care- referral hospital in India.	Department of Radiology
463.	An observational longitudinal study to evaluate the impact of positive airway pressure on the quality of life in adults with obstructive sleep apnea	Department of Internal Medicine
464.	A prospective observational study to assess the role of thromboelastography in monitoring patients undergoing catheter directed thrombolysis	Department of Peripheral, Vascular & Endovascular Sciences
465.	An observational study to evaluate the safety of Ticagrelor among Indian acute coronary syndrome patients undergoing percutaneous coronary intervention	Department of Clinical Cardiology
466.	Clinical, pathological & serological profile of ANCA associated vasculitis : An observational study from a tertiary care centre	Department of Rheumatology & Clinical Immunology
467.	Prospective study of clinicopathological features, prognostic factors and treatment outcomes in metastatic non-small cell lung cancer treated at a tertiary care centre”	Department of Medical Oncology
468.	A retrospective ,open label uncontrolled cohort study to assess the effectiveness and safety of lactulose retention enema in the treatment of cirrhotic pateints with grade 3 or 4 (West Haven criteria)hepatic encephalopathy (HE) (The RETRO study)	Department of Gastroenterology

469.	Ultrasound assessment of anterior neck soft tissue thickness as a predictor of difficult laryngoscopy and intubation in obese patients	Department of Critical Care & Anesthesia
470.	A prospective observational study to evaluate the change in Quality Of Life (QOL) following Surgery for Snorers	Department of ENT & Head Neck Surgery
471.	THE EFFECT OF 0.9% SALINE AND PLASMALYTE ON ACID BASE STATUS IN PATIENTS UNDERGOING HEAD AND NECK SURGERY WITH FREE FLAP RECONSTRUCTION. A PROSPECTIVE, OBSERVATIONAL TRIAL	Department of Critical Care & Anesthesia
472.	DOCUMENTING THE EFFICACY OF GUAVA (Psidium guajava) LEAF DECOCTION FOR TREATING PATIENTS WITH DIARRHOEA	Department of Ayurveda
473.	Pretransplant Panel Reactive Antibody (PRA) : correlation with antecedent events and outcomes post kidney transplant	Department of Nephrology
474.	A prospective study demonstrating neurologic safety of combining carotid endarterectomy with coronary artery bypass graft surgery	Department of Neurology
475.	Laryngeal Adductor Reflex as A Predictor Of Returning Of Normal Swallowing In Stroke Patients	Department of ENT & Head Neck Surgery
476.	A retrospective comparison and evaluation of the preoperative Keratometry readings between the LenStar and the Verion Image guided system.	Department of Ophthalmology
477.	Morphological immunophenotyping and molecular genetic profiling of acute leukemias in a tertiary care centre : an observational study :	Department of Pathology
478.	Effect of Empagliflozin on Liver Fat content in Patients with type 2 diabetes: A 12-week randomized clinical study	Department of Endocrinology & Diabetes
479.	Determinants of short term outcomes following esophagectomy for carcinoma oesophagus : A single institutional prospective observational study	Department G I Surgery, G I Oncology and Bariatric Surgery
480.	A PROSPECTIVE, MULTI CENTRE, OBSERVATIONAL, DATA COLLECTION REGISTRY STUDY TO MONITOR THE ROUTINE CLINICAL USE OF MABTAS® (RITUXIMAB 100 MG / 500 MG CONCENTRATE FOR SOLUTION FOR INFUSION, MANUFACTURED BY INTAS PHARMACEUTICALS LTD) IN INDIAN PATIENTS	Department of Medical Oncology
481.	An observational longitudinal study of factors influencing delayed gastric emptying following pancreaticoduodenectomy :	Department G I Surgery, G I Oncology and Bariatric Surgery
482.	A Cross-Sectional, Clinico-Epidemiological, Multicentre Study to Determine the Prevalence of Non-Alcoholic Fatty Liver Disease and Thyroid Dysfunction in Patients with Metabolic Syndrome, visiting the Endocrinology and Gastroenterology Out Patient Departments of Tertiary Health Care Centers in India.	Department of Hepatology & Liver Transplant
483.	A Prospective Observational Study Of Functional And Aesthetic Outcome Following Free Flap Reconstruction In Oral Malignancy	Department of Plastic surgery

484.	To study the serum lipid profile in patients with subclinical hypothyroidism in a tertiary care centre in northern India	Department of Internal Medicine
485.	Volume of bladder and rectum receiving prescribed dose: an evaluation with X-ray volume imaging in real time and normal tissue toxicity scoring for Carcinoma Prostate.	Department of Radiation Oncology
486.	Diagnosis of Acute Meningitis in the microbiology laboratory –A prospective study in a tertiary care hospital	Department of Microbiology
487.	Breast Cancer survivorship- an observational study of 400 patients	Department of Breast Surgery
488.	Value Of Fdg Pet Scan Estimated Viability In Akinetic Myocardial Segments For Predicting Recovery Of Segmental Contractility At Six Months After Coronary Artery Bypass Surgery. A Prospective, Observational Study	Department of Clinical Cardiology
489.	ROLE OF MDCT IN ACUTE AORTIC DISEASES	Department of Radiology
490.	a.Approval for paper publication-retrospective data analysis” b. “A study on spectrum of infections caused by a re-emerging pathogen Nocardia: An analysis of clinical presentations and pre-disposing risk factors in a tertiary care hospital". c. Significance of levels of procalcitonin as an early predictor of infection amongst Live Donor Liver Transplant patients.	Department of Microbiology
491.	Correlation of extent of resection and overall survival in Patients with High Grade Gliomas: A prospective study	Department of Neurosurgery
492.	To identify clinical risk factors for development of New onset Diabetes after transplantation (NODAT) in post renal transplant Indian population.	Department of Nephrology
493.	To Study the Microbiological spectrum of patients of Acute Pyelonephritis (APN) and correlate clinical outcomes	Department of Nephrology
494.	Prospective Study Of Clinocopathological Features, Prognostic Factors And Response To First Line Chemotherapy & Biological Agents In Metastatic Colorectal Carcinoma	Department of Medical Oncology
495.	a) Full manuscript of Original article titled "BLADDER PAIN SYNDROME/ INTERSTITIAL CYSTITIS: CURRENT STATUS AND CLINICAL CHARACTERISTICS IN INDIAN COMMUNITY" b) A case report titled "VASCULAR COMPLICATION AFTER SACROSPINOUS LIGAMENT FIXATION WITH UTERINE PRESERVATION"	Department of Urology
496.	PneumoINSPIRE: International Study on NoSocomial Pneumonia in Intensive CaRE	Department of Critical Care & Anesthesia
497.	Macroscopic on-site quality evaluation of biopsy specimens to improve the diagnostic accuracy during EUS-guided FNA using a 19-gauge needle for solid lesions: a multicenter double-blinded prospective randomized controlled study	Department of Gastroenterology
498.	To measure the level of melatonin (urinary 6-sulpha-toxymelatonin (aMT6s) in healthy human volunteers who are receiving different dosing regimens of the beta blocker-Propranolol	Department of Clinical Cardiology

499.	Enteric Fever in India – A Retrospective Review of Existing Data Surveillance for Enteric Fever in Asia Project (SEAP)	Department of Microbiology
500.	A Randomized, Double –Blind, Parallel group study to evaluate the efficacy & safety of Alirocumab (SAR236553/ REGN727) VERSUS Ezetimibe in Asia in high cardiovascular risk patients with Hypercholesterolemia not adequately controlled with their statin therapy.	Department of Clinical Cardiology
501.	Percutaneous Tracheostomy under real-time ultrasound guidance: A Single Centre Experience	Department of Critical Care & Anesthesia
502.	GENESIS- A Clinical Evaluation of the HYDRA Self Expanding Transcatheter Aortic Valve	Department of Interventional Cardiology
503.	ANATOMICAL VARIABILITY OF ANTEROLATERAL THIGH FLAP IN INDIAN POPULATION: AN OBSERVATIONAL PROSPECTIVE SINGLE CENTRE STUDY	Department of Plastic surgery
504.	European Infective Endocarditis Registry	Department of Clinical Cardiology
505.	An investigation of the social, economic and educational factors that influence antibiotic-prescribing habits of alternative providers and antibiotic-seeking habits of villagers in rural India	Department of Microbiology
506.	Investigating the Relationship between Usual Diet and Prevalence of Infections with Multi-Drug Resistant Organisms (MDROs) in Gurgaon, Haryana, India	Department of Microbiology
507.	Investigation of patients’ and allopathic providers’ perceptions regarding antibiotic use in Gurgaon, Haryana, India	Department of Microbiology
508.	PROSPECTIVE OBSERVATIONAL STUDY OF CLINICAL & PATHOLOGICAL FEATURES, PROGNOSTIC FACTORS AND RESPONSE TO CHEMOTHERAPY IN METASTATIC PANCREATIC CARCINOMA IN A TERTIARY CARE CENTER	Department of Medical Oncology
509.	Clinico-electro-radiological profile of refractory epilepsy patients at epilepsy clinic –A prospective study	Department of Neurology
510.	To compare the tissue Diagnostic Yield of Solid Lesion Biopsies based on the Histopathological analysis of Endoscopic ultrasound guided fine needle aspiration (EUS –FNA) samples produced by the 19G Procore Needle versus Standard 19G Needle versus 22G Procore Needle: a Single Centre, Observational study	Department of Gastroenterology
511.	The Impact of Epilepsy on Arranged Marriages. A Multi-centre, Cross-cultural Survey in South Asia	Department of Neurology
512.	Study of the effects of deviation from clinical pathway on the overall outcomes in Patients undergoing Pancreaticoduodenectomy	Department G I Surgery, G I Oncology and Bariatric Surgery
513.	A cross sectional hospital based study on association between physical activity and modifiable risk factors for cardiovascular disease in population (>30yrs) reporting for preventive health check-up and assessment of their 10year cardiovascular event risk	Department of Internal Medicine
514.	99m Tc-Mebrofenin Hepatobiliary Scintigraphy with SPECT for the assessment of future liver Remnant and Liver functional volume in patients undergoing Major Liver Resection	Department of Liver Transplant & Regenerative Medicine

515.	Corevalve™ India Post Market Surveillance (PMS)	Department of CTVS
516.	Prophylaxis of Thromboembolism in Critically Ill Patients Using Combined Intermittent Pneumatic Compression and Pharmacologic Prophylaxis versus Pharmacologic Prophylaxis Alone: A Multicenter Randomized Controlled Trial	Department of Critical Care & Anesthesia
517.	An Observational prospective study to assess the diagnostic predictivity of ultrasonography and magnetic resonance cholangiopancreatography in evaluation of obstructive biliopathy	Department of Radiology
518.	Observational Study To Evaluate The Role Of MRI In Differentiating Various Spinal Tumors And Tumor Like Lesions	Department of Radiology
519.	Comparison of functional outcome of Imaging guided glenohumeral and subacromial steroid injection in frozen shoulder: a prospective, comparative study	Department of Orthopedics
520.	cytological spectrum of salivary gland lesions with histopathologic correlation, in a tertiary care centre in north india - a prospective study	Department of Pathology
521.	Role of Immunohistochemistry in diagnosis of Papillary Lesions of breast	Department of Pathology
522.	Cytological Diagnosis of Mediastinal & Lung Lesions on samples obtained by Endobronchial ultrasound guided transbronchial needle aspiration [EBUS-TBNA] in a tertiary care centre	Department of Pathology
523.	Presenting characteristics and processes of care of acute myocardial infarction Patients in tertiary care centers in India and the United States: a retrospective study	Department of Clinical Cardiology
524.	An observational cross sectional study to investigate correlation between hand hygiene practices, drinking water supply , and gastrointestinal disease in Jharsa Village, Haryana	Department of Internal Medicine
525.	VALUE ADDITION OF ULTRASOUND OVER SESTAMIBI SCAN IN DIAGNOSED CASES OF HYPERPARATHYROIDISM. RETROSPECTIVE DATA FROM A SINGLE INSTITUTION	Department of Radiology
526.	A prospective observational study to assess myocardial dysfunction in active systemic lupus erythematosus	Department of Rheumatology & Clinical Immunology
527.	A CROSS SECTIONAL STUDY OF PREVALENCE OF LATENT TUBERCULOSIS INFECTION (LTBI) IN PATIENTS OF TAKAYASU'S ARTERITIS	Department of Rheumatology & Clinical Immunology
528.	Role of diffusion weighted imaging and change in volumetric enhancement pattern in observing response to targeted therapy in Hepatocellular carcinoma in cirrhotic patient	Department of Radiology
529.	An observational study to compare the effect of Desflurane and Sevoflurane on Intraoperative Motor-evoked Potentials Monitoring	Department of Critical Care & Anesthesia
530.	DOES CHA2DS2 VASc SCORE PREDICT POSTOPERATIVE ATRIAL FIBRILLATION IN PATIENTS UNDERGOING OFF PUMP CORONARY ARTERIAL BYPASS GRAFTING SURGERY	Department of Critical Care & Anesthesia
531.	Are outcomes of revision for flexion instability the same as for other major etiologies	Department of Orthopedics
532.	Compliance and airway pressure variations with volume control and pressure control ventilation during laparoscopic pelvic surgeries: A prospective randomized comparative study	Department of Critical Care & Anesthesia

533.	Randomized Control Trial on Effect of Intravenous Ferric- Carboxy Maltose on Oxygen Kinetics and Symptomatic Status In patients with Chronic Heart Failure having Iron Deficiency	Department of Clinical Cardiology
534.	Laser Versus conventional Tonsillectomy: A prospective review over advantages	Department of ENT & Head Neck Surgery
535.	To study the efficacy and safety of Mesna in Acute Respiratory Failure on ICU admission in mixed intensive care unit of Medanta The Medicity (Mesna 2)	Department of Critical Care & Anesthesia
536.	To study the efficacy and safety of Mesna in mechanically ventilated patient with respiratory failure in mixed intensive care unit of Medanta The Medicity (Mesna 3)	Department of Critical Care & Anesthesia
537.	Incidence of chronic rejection after liver transplantation and impact of addition of mTOR inhibitors	Department of Gastroenterology
538.	Role of mTOR inhibitors in prevention of post liver transplant kidney dysfunction	Department of Gastroenterology
539.	A prospective observational study to assess the completeness of revascularization in off-Pump and on-pump coronary artery bypass grafting	Department of CTVS
540.	A prospective observational study of sacropenia in malignancies of the pancreatobiliary system ,it's prevalence and its impact on adverse events following surgery	Department G I Surgery, G I Oncology and Bariatric Surgery
541.	Development and validation of indigenous antibody screening cell panel	Department of Blood Bank
542.	To study the prevalence of eighteen clinically significant blood group antigens in blood donors	Department of Blood Bank
543.	An observational study on relationship of different measures of arterial stiffness with transvalvular gradient and left ventricular echocardiographic indices in patients of severe AS	Department of Clinical Cardiology
544.	The accuracy of body surface area based method in Endotracheal tube insertion depth in children –An observational study	Department of Critical Care & Anesthesia
545.	The utility of GENE-Xpert in early diagnosis of Tuberculosis in a country with high Tuberculosis prevalence	Department of Respiratory & Sleep Medicine
546.	The Practical Implementation of Cycle of Threshold value of GENE-Xpert in treating TB patients	Department of Respiratory & Sleep Medicine
547.	To determine the prevalence of CDC and flowcytometry crossmatch positivity in patients being worked up for renal transplantation and presence of Anti HLA antibodies determined by LuminexSAB in flowcytometry crossmatch positive patients	Department of Nephrology
548.	Comparison of the cost effectiveness of two different strategies using Mobile Digital X-Ray in the detection of pulmonary tuberculosis in rural India	Department of Respiratory Respiratory & Sleep Medicine
549.	A post-market clinical evaluation of St. Jude Medical™ MR Conditional ICD System on patients undergoing Magnetic Resonance Imaging	Department of Interventional Cardiology
550.	Study of Usage and Outcomes of Polymyxin B For Systemic Bacterial Infections in Indian Patients: - A Prospective Registry	Department of Critical Care & Anesthesia

551.	A Retrospective Multi-centric Cross Sectional Study to Evaluate Clinical Outcomes Following Extracorporeal Cytokine Adsorption Device (Cytosorb) in patients with Sepsis and Septic Shock	Department of Critical Care & Anesthesia
552.	To assess the antibiotic susceptibility profile of Fosfomycin in vitro of MDR/XDR (carbapenemases producing & others) Klebsiella, Esch coli, other Enterobacteriaceae members, and Pseudomonas aeruginosa isolated in culture and to assess the role of I/V Fosfomycin for the treatment of blood stream/other infections caused by MDR/XDR (carbapenemases producing & others) Klebsiella, Esch coli, other Enterobacteriaceae members, and Pseudomonas aeruginosa. Combination of antibiotics, if any, used with Fosfomycin and clinical outcomes thereof	Department of Microbiology
553.	An observational prospective study to evaluate Multiparametric Magnetic Resonance Imaging (Mp-MRI) for prostate cancer and its Correlation with Radical Prostatectomy Histopathology	Department of Urology
554.	An Observational prospective study to assess efficacy of different modalities of androgen deprivation therapy in metastatic prostate cancer	Department of Urology
555.	Correlation of Microbiological , Histo Cytopathological and Molecular diagnosis of Extra Pulmonary Tuberculosis	Department of Microbiology
556.	To Study The Outcomes Of Decompressive Craniectomy in Traumatic Brain Injuries in Adults	Department of Neurosurgery
557.	AN OBSERVATIONAL PROSPECTIVE STUDY EVALUATING HISTOPATHOLOGICAL PATTERN OF INJURIES WITH CORRELATION TO ETIOLOGIES IN CASES OF ACUTE-ON CHRONIC LIVER FAILURE (ACLF) IN EXPLANT LIVERS	Department of Pathology
558.	Safety and efficacy of leadless pacemaker and its comparative analysis with conventional pacemaker in terms of electrical performance and adverse events	Department of Clinical Cardiology
559.	Functional and Radiological Outcome of intertrochanteric fracture treated by proximal femoral nail	Department of Orthopedics
560.	Comparision of dexmedetomidine and propofol for sedation in gastrointestinal Endoscopy	Department of Critical Care & Anesthesia
561.	An observational prospective study to evaluate the effectiveness and safety of Direct Acting Antivirals (DAAs) in Post Renal Transplant patients, for the management of HCV infections	Department of Nephrology
562.	Clinical profile , response to treatment ,and Evaluation of genomic profile using next generation sequencing (NGS) in patients with Esophageal cancer at a tertiary care center- A Prospective study	Department of Medical Oncology
563.	A Prospective Observational Study to Evaluate the Correlation between Clinical and Radiological Outcomes in Transforaminal Lumbar Interbody Fusion using O-Arm guided Navigation	Department of Neurosurgery
564.	Immature Platelets fraction in Septic Patient : Clinical Relevance of IPF in early detection and differentiation of septic from non septic patients	Department of Internal medicine
565.	A Prospective, Open label, Non-randomized, Single-Arm, Multicenter Study to Evaluate the Procedural Safety and Efficacy of ELCA® in Treatment of Patients with Single or Multivessel Coronary Artery Disease (CAD)	Department of Interventional cardiology

566.	A multi-center, randomized, double-blind, active-controlled, parallel group Phase 3 study to evaluate the efficacy and safety of LCZ696 compared to ramipril on morbidity and mortality in high risk patients following an acute myocardial infarction	Department of Clinical Cardiology
567.	Endoscopic pancreatic balloon sphincteroplasty (EPS) for difficult to treat Pancreatic stones and strictures, a retrospective study of 80 patients	Department of Gastroenterology
568.	Prospective in-vitro comparison between Single Donor Platelets (SDP) suspended in plasma with SDP suspended in Platelet Additive Solution (PAS) and study of in-vivo increment and recovery of platelets after transfusion of SDP in PAS	Department of Blood Bank
569.	Inactivation of Dengue virus (type 2) in pooled buffy-coat Platelets -A prospective trial	Department of Blood Bank
570.	Utility of various prognostic scores and outcomes of living donor liver transplantation for acute liver failure	Department of Hepatology & Liver Transplant
571.	A prospective observational study to analyse clinical and microbiological profile of bloodstream infections among chronic kidney Disease patients in a tertiary care hospital	Department of Microbiology
572.	Weaning complete cervical cord injury Patients from Mechanical Ventilator Support –A Case Series	Department of Physiotherapy & Rehabilitation
573.	Endoscopic ultrasound guided pancreatic necrosectomy using step-up approach for walled for pancreatic necrosis : A tertiary centre, prospective open label study	Department of Gastroenterology
574.	Evaluation Of Clinical Response To Treatment In Lung Cancer Patients On Oral Tyrosine Kinase Inhibitors At A Tertiary Care Centre A Retrospective Analysis	Department of Medical Oncology
575.	Profiling of Implantable Cardiac Device Diagnostics trends during Clinical Events for co-morbid conditions in Indian Patients (PATTERNS)	Department of Electrophysiology
576.	Analysis of in-vitro RBC storage lesion parameters, its comparison with published literature and in-vivo recovery of 35 –day –old RBC product	Department of Blood Bank
577.	Determination of risk factors associated with the emergence of Linezolid resistance in Enterococcus spp	Department of Microbiology
578.	Emergence of colistin resistance in bloodstream infections and its impact on patient outcome- a retrospective review of existing data in a tertiary care hospital	Department of Microbiology
579.	An observational hospital based prospective study to evaluate the diagnostic yield of lymphadenopathy in febrile patients	Department of Internal Medicine
580.	To identify the pre- dominant determinant of arterial stiffness among different 24-hour Blood pressure parameters	Department of Clinical Cardiology
581.	An observational prospective study to evaluate outcomes in free flap surgery after application of enhanced recovery after surgery(ERAS) protocol	Department of Plastic surgery
582.	An observational prospective study to evaluate clinical outcomes of drug eluting balloon (DEB) in Arterio-Venous (AV) Fistuloplasty for a failing A-V Fistula for dialysis	Department of Peripheral, Vascular & Endovascular Sciences

583.	An observational longitudinal study to evaluate outcomes of wire- interwoven self-expanding nitinol stents in patients with femoropopliteal atherosclerotic disease with critical limb Ischemia	Department of Peripheral, Vascular & Endovascular Sciences
584.	An observational study to assess clinical and Laboratory risk indicator for Necrotizing Fasciitis (LRINEC) score in predicting outcome in Necrotizing soft Tissue infection (NSTI) patients.	Department of Plastic surgery
585.	Identifying the association between Reflux Symptom Index and Reflux Finding Score in patients presenting with symptoms suggestive of Laryngopharyngeal Reflux	Department of ENT & Head Neck Surgery
586.	Inter-hemispheric NIRS change with reperfusion in Anterior Cerebral Circulation Thrombotic Strokes undergoing Mechanical Thrombectomy : A Prospective Observational Study	Department of Neuroanaesthesia and Intensive Care
587.	Comparison of ultrasound guided transversusabdominis plane(TAP) block versus local wound infiltration for post operative analgesia amongst laparoscopic donor nephrectomy patients	Department of General Anaesthesia
588.	Study the frequency of various grades of esophagitis in patients with heart burn in India	Department of Gastroenterology
589.	Outcome Of Different Types Of Stroke Patients And Their Functional Status At 3 Months - AProspective Follow Up Study	Department of Physiotherapy & Rehabilitation
590.	A Randomized, Double-blind, Placebo- and Active-controlled, Multicenter, Phase 3 Study to Assess the Efficacy and Safety of Filgotinib Administered for 52 Weeks Alone and in Combination with Methotrexate (MTX) to Subjects with Moderately to Severely Active Rheumatoid Arthritis Who Are Naïve to MTX Therapy	Department of Rheumatology & Clinical Immunology
591.	Trigeminal Neuralgia in a child with Dandy Walker malformation. A rare case report	Department of Neurology
592.	To evaluate the performance and safety of central venous Catheter (CVC) line insertion in adult and pediatric patients scheduled for cardiac surgery during Post marketing surveillance study.	Department of Critical Care & Anesthesia
593.	Prospective observational study of clinicopathological features, prognostic factors and response to neoadjuvant chemotherapy in epithelial ovarian carcinoma	Department of Medical Oncology
594.	A Prospective Observational Study Of Clinico-Pathological Features, Prognostic Factors And Treatment Response to Primary Therapy In Multiple Myeloma At A Tertiary Care Center	Department of Medical Oncology
595.	A prospective observation study to determine the incidence of upper limb morbidities in carcinoma breast patients and its outcome with physiotherapy	Department of Radiation Oncology
596.	Effect of low concentrations of nitrous oxide and desflurane on amplitude and latency of motor evoked potential response in patients undergoing transforaminal lumbar interbody fixation	Department of Critical Care & Anesthesia
597.	Recurrent glioblastoma: A single- institution experience with reirradiation and temozolomide	Department of Radiation Oncology
598.	A post-market clinical evaluation of immediate and acute impact of the SyncAVTM feature in heart failure patients implanted with compatible CRT device	Department of Electrophysiology
599.	Pemafibrate to reduce cardiovascular outcomes by reducing triglycerides in patients with diabetes (PROMINENT)	Department of Clinical Cardiology

600.	Study of clinical, electrophysiological and histopathological correlations in Chronic Inflammatory Demyelinating Polyneuropathy(CIDP) in a tertiary care centre	Department of Neurosciences
601.	An observational study to evaluate the accuracy of 3D TVS and hysteroscopy in comparison to histopathology in characterization of endometrial lesions women with abnormal uterine bleeding	Department of Radiology
602.	Prospective Observational study assessing the Predictors and outcomes in patients with acute severe pancreatitis	Department of Gastroenterology
603.	Clinico-pathological profile of patients with isolated terminal ileal ulcers - A tertiary care centre experience	Department of Gastroenterology
604.	Prognostification Of Post Cardiac Arrest Hypoxic Ischaemic Brain Injury Patients Based On Clinical Profile, Electroencephalography And Imaging Studies In A Tertiary Care Center – A Prospective Study	Department of Neurology
605.	Impact of donor relation on outcomes of living donor liver transplantation	Department of Hepatology & Liver Transplant
606.	Assessing the effect of Cisatracurium infusion on Motor Evoke Potential during Transforaminal Lumbar Interbody Fusion(TLIF) Surgery	Department of Neuroanesthesia & Neuro critical care
607.	Hospital Based Cancer Registry	Department of Radiation Oncology
608.	A study of the prevalence of Myositis specific antibodies in patients of inflammatory Myositis	Department of Rheumatology & Clinical Immunology
609.	Phase-I open label, dose-escalation clinical trial to evaluate the safety, tolerability and immunogenicity of Chikungunya vaccine in healthy adults of 18 to 50 years age	Department of Clinical Research
610.	Clinical validation of RIA-G, an automated optic nerve head analysis software	Department of Ophthalmology
611.	Neurological Complications in early postoperative period following live donor Liver Transplantation: A Retrospective Analysis	Department of Critical care and Anesthesia
612.	A Study Of The Clinico-Pathological Features, Prognostic Features And Treatment Outcomes Among Indian Patients With Diffuse Large B-Cell Lymphoma (DLBCL) - A Single Center Experience	Department of Medical oncology
613.	High Flow Nasal therapy delivered as a standard of care in ICU	Department of Critical care and Anesthesia
614.	A Randomized, Double-Blind, Placebo-Controlled Study To Assess The Effects Of Bempedoic Acid (Etc-1002) On The Occurrence Of Major Cardiovascular Events In Patients With, Or At High Risk For, Cardiovascular Disease Who Are Statin Intolerant	Department of Cardiology
615.	Study to Evaluate the Effect of Dapagliflozin on the Incidence of Worsening Heart Failure or Cardiovascular Death in Patients with Chronic Heart Failure with Reduced Ejection Fraction	Department of Cardiology - Preventive Health Check-up
616.	Effect of parathyroidectomy on bone metabolism in patients with primary hyperparathyroidism	Department of Endocrinology and Diabetes

617.	Endocrine Dysfunction and Cortisol Response to Low Dose ACTH Stimulation Test at Baseline and 3 Months follow up in Non-Functioning Pituitary Adenomas	Department of Endocrinology
618.	Voice Assessment And Voice Therapy Outcomes In Muscle Tension Dysphonia and Sulcus Vocalis – A prospective Observational Study	Department of Otorhinolaryngology
619.	A prospective observational study to evaluate effectiveness of intratympanic steroid in sudden sensorinerual hearing loss	Department of Otorhinolaryngology
620.	Clinical Profile , Angiographic extent of CAD and 1 year Clinical outcomes in young patients (< 45 years) presenting with acute Myocardial infractions	Department of Clinical and Preventative Cardiology
621.	Hospital Based Dengue Registry	Department of Clinical Research
622.	A Study to evaluate the correlation between proliferation index and angiogenesis with grade of glioma	Department of Neurosciences
623.	Histomorphological spectrum of mediastinal lesion:-An experience from tertiary care centre in north india	Department of Pathology
624.	Prospective study comparing different modalities of post-operative pain relief in unilateral total knee replacement. comparison between ultrasound guided adductor canal block, versus local infiltration analgesia, versus combination of adductor canal block and local infiltration analgesia	DNB-Department of Orthopaedics
625.	Chronic rejection following living donor liver transplantation in the tacrolimus era: A Single centre experience	Department of Liver transplantation and regenerative medicine
626.	Efficacy of pectoralis major-intercostal plane block using continuous infusion of 0.37%ropivacaine for post-operative analgesia in patients undergoing off pump coronary artery bypass surgery.	Department of Anaesthesiology and Critical Care
627.	Comparative analysis of baska mask and proseal laryngeal mask airway for general anaesthesia with controlled ventilation for elective surgeries	Department of Anaesthesiology and Critical Care
628.	Comparative evaluation of intraoperative hemodynamic stability and recovery characteristics of bispectral index guided and minimum alveolar concentration guided anesthetic depth in laparoscopic abdominal/pelvic procedures	Department of Anaesthesiology and Critical Care
629.	Practical Evaluation of Fractional Flow Reserve (FFR) and its Associated Alternate Indices During Routine Clinical Procedures (PRESSURE wire)	Department of Interventional Cardiology
630.	Spectrum of surgical approaches to hepatic hydatidosis, cystic and alveolar, from partial cystectomy to liver transplantation –a tertiary care center experience	Department of liver transplantation and regenerative medicine
631.	Robotic assisted versus Open liver resections - a comparative study	Department of liver transplantation and regenerative medicine
632.	Microvascular complications in Type 1 Diabetes Mellitus patients: evidence from a tertiary care center in India	Department of Endocrinology and Diabetes
633.	A prospective observational study to compare glasgow coma scale (gcs) with full outline of unresponsiveness(four) score as predictors of mortality and morbidity in traumatic brain injury patients	DNB -Department of Emergency Medicine

634.	A prospective observational study for the incidence of biopsy proven acute rejection at 6 months , in living donor renal transplant recipients receiving induction immunosuppression with low dose rabbit antithymocyte globulin versus Basiliximab versus no induction	DNB- Department of Nephrology and Transplant Medicine
635.	Study of Prevalence of osteoporosis in scleroderma and its correlation with clinical and Laboratory profile.	DNB- Department of Rheumatology and clinical Immunology
636.	Feasibility of targeted axillary dissection in Indian patients after neoadjuvant chemotherapy	Department of Breast Cancer
637.	To understand the emerging pathogens and investigate the antibiotic sensitivity pattern of bacterial pathogens in the neuro-intensive care unit of a tertiary care teaching hospital in India	Department of Critical care and Anaesthesia
638.	Study of acute kidney injury in children post cardiac surgery	DNB- Department of nephrology
639.	Prevalence Etiology and Outcomes of patients with hypothyroidism and without hypothyroidism undergoing CABG	Department of Endocrinology and Diabetes
640.	The Extended Study of Prevalence of Infection in Intensive Care III (EPIC III)	Department of critical care and Anaesthesia
641.	Pre- emptive Living Donor kidney Transplantation.	Department of Nephrology
642.	Chronic Non tumoural portal vein thrombosis does not adversely impact outcome after living donor liver transplantation	Department of Liver Transplantation
643.	Living donor Liver transplant for Acute on chronic Liver failure: single centre experience	Department of Liver Transplantation
644.	Cytomegalovirus (CMV) infection significantly impacts outcome of living donor liver transplant (LDLT) single center experience.	Department of Liver Transplantation
645.	Right donor hepatectomy- is it safe?	Department of Liver Transplantation and regenerative medicine
646.	Right donor hepatectomy- MHV or No MHV- Tailored approach	Department of Liver Transplantation and regenerative medicine
647.	Anterior sector drainage in right lobe LDLT using PTFE –Technique and Outcomes	Department of Liver Transplantation and regenerative medicine
648.	A randomized, double-blind, placebo controlled, 2- part, adaptive design, multicenter 12-week study to assess safety, tolerability and efficacy of LFN452 in patients with non-alcoholic steatohepatitis (NASH): FLIGHTFXR	Department of Liver Transplantation and regenerative medicine

649.	A phase III randomised, double-blind trial to evaluate efficacy and safety of once daily empagliflozin 10 mg compared to placebo, in patients with chronic Heart Failure with reduced Ejection Fraction (HFrEF).	Department of Heart Failure Programme
650.	A phase III randomised, double-blind trial to evaluate efficacy and safety of once daily empagliflozin 10 mg compared to placebo, in patients with chronic Heart Failure with preserved Ejection Fraction (HFpEF).	Department of Heart Failure Programme
651.	Comparision of Short-Term Outcomes Following Open vs. Minimal Invasive Radial Gastrectomy for Gastric Cancer.	DNB- Department of Surgical Gastroenterology
652.	A study of long term disease outcome in patients having Rheumatoid Arthritis with disease duration greater than 10 years.	DNB- Department of Rheumatology and clinical Immunology
653.	Cytomorphologic spectrum of adrenal lesions obtained by EUS guided FNAC in a tertiary care center.	DNB- Department of Pathology
654.	A prospective, observational study to evaluate the diagnostic performance of high sensitive3 troponin I (hsTnI) as compared to standard troponin I (TnI) in Acute Coronary Syndrome.	Department of Clinical and Preventive Cardiology
655.	A Post marketing surveillance study evaluating safety and efficacy of Apceden ®, an autologous dendritic cell immunotherapy, when administered according to the prescribing information in India (APASS)	Department of Medical Oncology
656.	A prospective randomiozed trial to demonstrate reduction of immune and inflammatory responses following video-assisted and robotic thoracic surgery	DNB- Department of Thoracic surgery
657.	To assess the prevalence of left ventricular hypertrophy (LVH) in renal transplant recipients and its regression in post-transplant period.	DNB- Department of Nephrology
658.	A phase 4, open label, non comparative, Multicenter study to access safety and tolerability of Darunavir Ethanolate 800 mg tablets once daily co-administered with Ritonavir 100 mg tablets once daily and other anti-retroviral agents in adult subjects with human immunodeficiency virus (HIV-1) infection	Department of Biochemistry
659.	An observational study to evaluate role of diffusion weighted imaging (DWI) in evaluation of consistency of Pituitary Macroadenomas and correlatiobn with surgical and histopathological findings.	DNB- Department of Radiology and Imaging
660.	Comparision of Enzyme Linked Immunosorbent Assay (ELISA) and Chemiluminescence Immunoassay (CLIA) for detection of Infectious Disease Markers (IDM) in blood donors. Principal Investigator: (MICR-798/2017	DNB- Department of Transfusion medicine
661.	An observational study of clnico-radiological and physiological profile of Interstitial Lung Disease (ILD).	DNB- Department of Respiratory and sleep medicine
662.	An Observational Prospective Study evaluating early graft dysfunction in living donor liver transplant-clinicopathological correlation.	DNB- Department of Pathology and Lab medicine
663.	Short term outcomes in grown up congenital heart disease (GUCH) patients undergoing therapeutic interventions at a tertiary care centre- A prospective cohort study.	DNB- Department of Pediatric Cardiology

664.	To estimate prevalence of mineral bone disease using biochemical markers in chronic kidney disease out door non dialysis and dialysis dependent patients.	DNB- Department of Biochemistry
665.	Outcome of Mitral Valve Intervention in patients with acute ,myocardial infarction needing coronary bypass grafting.	DNB- Department of Cardiac Surgery
666.	A Comparative Study of Reduction of Blood Loss After Application of Tranexamic Acid Intravenous versus Topical in Unilateral Total Hip Replacement.	DNB- Department of Orthopedics
667.	Immuno- Histochemical Markers as Predictors of Histopathologic Response in Rectal Cancer Treated with Neoadjuvant Therapy	DNB- Department of Surgical Gastroenterology
668.	To study spectrum of adult onset nephrotic syndrome.	DNB- Department of Nephrology
669.	A post- market clinical evaluation of St. Jude Medical™ MR Conditional ICD System on patients undergoing Magnetic Resonance Imaging.	Department of Electrophysiology and Cardiac Pacing
670.	Quality of life assessment in patients with complex ventral hernias.	Department of Surgical Gastroenterology
671.	Etiological profile and prognosis of new onset seizures above 60 years of age- A prospective study.	Department of Neurology
672.	An investigator initiated observational study to evaluate the clinical outcome with extracorporeal cytokine adsorption device (Cytosorb) on patients undergoing major aortic surgery.	Department of Critical Care and Anaesthesiology
673.	Diagnostic Accuracy of CT Coronary Angiography in Real World Setting, A prospective Study.	Department of Cardiology
674.	An observational study to evaluate the role of contrast-enhanced MRI of breast in patients presenting with pathological nipple discharge.	Department of Radiology
675.	Clinicopathological correlation of squash cytology, histomorphology and immunohistochemical profile of Ependymomas in a tertiary care centre.	Department of pathology and Lab Medicine
676.	An observational prospective study for assessing anatomy and variations of the left renal vein in Laparoscopic donor nephrectomies.	Department Kidney & Urology
677.	An observational study to evaluate the role of Diffusion Tensor Imaging (DTI) metrics in differentiating various intracranial mass lesions.	Department of Radiology
678.	A prospective study to determine the impact of tumour volume on locoregional control and toxicity in oropharynx,nasopharynx and hypopharyngeal cancers treated with radical chemoradiation.	Department of Radiation Oncology
679.	A prospective observational study to predict 28 days mortality and to identify predictors associated with 28 days mortality in septic patients admitted to the emergency department using speed score (sepsis patient evaluation in the emergency department)	Department of Emergency Trauma Care
680.	Clinical and Imaging Predictors of Outcomes and the Impact of Thrombolysis in Patients Presenting with Submassive Pulmonary Embolism	DNB- Department of Cardiology

681.	A randomized, double blind, Placebo controlled, parallel group, multicenter study to demonstrate the Effects of Sotagliflozin on Cardiovascular and Renal Events in Patients with Type 2 Diabetes , Cardiovascular Risk Factors, and moderately impaired Renal Function.	Department of Cardiology - Preventive Health Check-up
682.	Prospective interventional study optimizing behavior, exercise, nutrition, drugs and posture versus physical intervention (exercise) and drugs in patients of chronic non specific backache.	DNB- Department of Neurosurgery
683.	An observational study of comparison of diagnostic accuracy of digital chest X-ray between PACS and Smartphone captured image sent by WhatsApp messenger and its use in day-to-day practice by chest physician.	DNB- Department of Respiratory and Sleep Medicine
684.	A prospective observational study on role of Galactomannan antigen test in diagnosis of invasive aspergillosis.	DNB- Department of Microbiology
685.	An observational prospective study of clinical trial profile, treatment patterns and response to treatment with first line therapy in castration resistant prostate cancer patients at Medanta Cancer center.	DNB- Department of Medical Oncology
686.	Clinical Profile, response to treatment in patients with locally advanced and metastatic inoperable Head and neck squamous cell carcinoma at Tertiary care center- A prospective study	DNB- Department of Medical Oncology
687.	A prospective observational study of clinical demographgic and clinicopathological profile in metastatic breast cancer and its response evaluation to first line chemotherapy with and without targeted therapy at Medanta Cancer Center.	DNB- Department of Medical Oncology
688.	World Alliance Societies of Echocardiography (WASE) Normal Values Study.	Division of Clinical & Preventive Cardiology
689.	A prospective study of etiological profile of Ischemic stroke in young patients (18- 45years) in tertiary care hospital.	DNB- Department of Neurology
690.	Use of stacked tantalum cones as a method for treating severe distal femoral bone loss in total knee arthroplasty.	Department of bone and Joint-Fortis Hospital
691.	Hepatitis C virus recurrence after liver transplantation: miRNAs as biomarkers of liver disease progression.	Department of Hepatology and Liver Transplant
692.	Impact of frailty and performance status in wait listed patients on the outcome of LDLT.	Department of Hepatology and Liver Transplant
693.	A Prospective Observational Study about the safety, clinical efficacy and cost-effectiveness of the Outpatient Parenteral Antimicrobial Therapy (OPAT) program at a tertiary care centre in North India.	DNB- Department of Internal Medicine
694.	An Observational prospective study to evaluate sensory outcomes after inferior alveolar nerve reconstruction during surgery for oral lesions.	DNB- Department of Plastic surgery
695.	An observational prospective study to evaluate outcomes of orbital floor reconstruction using a customized implant created by pre bending a titanium mesh on three dimensionally printed prototype model.	DNB- Department of Plastic surgery
696.	Role of interleukin – 9 on Synovial T Regulatory Cells in Rheumatoid Arthritis.	Department of Rheumatology and Clinical Immunology

697.	An observational study for quantitative evaluation of the diffusion tensor Imaging (DTI) matrix parameters with subsequent correlation with the clinical Assessment of Disease Severity in Cervical Spondylotic Myelopathy.	DNB- Department of Radiology
698.	Acute perioperative hyperlactatemia in noncardiac surgery: What is the significance?	Department of anaesthesia
699.	An observational study for the evaluation of sub-centimeter-sized arterially enhancing nodules detected during surveillance for hepatocellular carcinoma.	DNB- Department of Radiology
700.	A phase III, multicenter, randomized, double blind, placebo-controlled study of Atezolizumab (Anti-PD-L1 Antibody) as adjuvant therapy after definitive local therapy in patients with high risk locally advanced squamous cell carcinoma of the head and neck	Department of Medical and Haemato-oncology
701.	An observational prospective study to evaluate the treatment response of tubercular meningitis with first line Antitubercular therapy	DNB- Department of Neurology
702.	Acute on chronic liver failure: evolution of grades, prognosis and outcomes of liver transplantation	Institute of liver transplantation and regenerative medicine
703.	Basel Syncope Evaluation Study	Division of Clinical & Preventive Cardiology
704.	Correlation of various methods of Hematopoietic Progenitor Cell (HPC) estimation with flowcytometric CD34 enumeration.	DNB- Department of Immunology and Transfusion Medicine
705.	A prospective observational study to compare rapid acute physiology score(raps) with modified rapid emergency medicine score(mrems) in trauma outcome prediction-a comparative study.	DNB- Department of Emergency Medicine
706.	Exploratory study on novel polymeric biomaterial for substitution of urinary bladder and ureter- Phase I study.	Department of Urology and renal transplant
707.	Prospective study testing virtual reality based visual field device.	Division of Ophthalmology
708.	An observational study to assess the early change in Intima Media thickness of carotid artery following Head and neck Radiotherapy	DNB- Department of Radiation Oncology
709.	A prospective study to compare diagnostic yield of conventional ercp guided biliary brush cytology ,biopsy or both, with addition of smash protocol to these techniques for biliary strictures.	DNB- Department of digestive and hepatobiliary sciences
710.	Novel Biomarker of AKI: Evaluation and validation in tertiary care hospital.	Department of Biochemistry
711.	Assessment of change in Pulmonary Functions after irradiation in patients treated for Thoracic Malignancies (Lung Cancer and Oesophageal cancer)-- A Prospective Observational Study.	DNB- Department of Radiation Oncology
712.	Effect of dulaglutide on liver fat in patients with type 2 diabetes and non alcoholic fatty liver disease: A randomized controlled trial (D- Lift trial).	Department of Endocrinology & Diabetes
713.	A Prospective Observational study evaluating Outcome of Drug Eluting Balloons in Below the Knee Angioplasty.	DNB- Department of Peripheral, Vascular & Endovascular Sciences

714.	A prospective, multi-centric study to investigate the plaque characteristics and natural history of lesions in the non-culprit vessels in young Indian patients (<45 yrs.) with ACS undergoing PCI by Optical Coherence Tomography (OCT) imaging.	Department of Cardiology
715.	Comparative study of cardiac output measurement by regional impedance cardiography and thermodilution method in patients undergoing off pump coronary artery bypass graft surgery.	DNB- Department of Cardiac Anaesthesia
716.	Study to evaluate duplex changes in deep vein thrombosis patients treated with rivaroxaban.	DNB- Department of Peripheral, Vascular & Endovascular Sciences
717.	Regional citrate anticoagulation during CRRT: an experience from a single center in India.	Department of Critical care
718.	A multi center study on the prevalence of coronary artery anomalies in India.	Department of Radiology
719.	An Observational study to evaluate the efficacy of dexmedetomidine addition to ropivacaine on the quality of ultrasound guided fascia iliaca compartment block, for post- operative analgesia, in adults undergoing hip surgery.	DNB- Department of Anaesthesia
720.	Prevalence of Sarcopenia in Indian individuals with and without Type 2 Diabetes.	Department of Endocrinology and Diabetes
721.	Indian Intensive Care Case Mix and Practice Patterns Study II (INDICAPS II).	Department of Cardiac Anaesthesia
722.	Study of immunofluorescence and multiplex bead assays for detection of autoantibodies.	Phd-Molecular Genetics Lab
723.	A worldwide survey of Live Liver donor selection policies at 24 centres with a combined experience of 19,009 adult living donor liver transplants.	Department of Liver Transplant & Regenerative Medicine
724.	Positive predictive value of digital chest x-ray in active tuberculosis.	Department of Respiratory & Sleep Medicine
725.	An Observational Prospective study about the Etiological Analysis of FUO in adult patients presenting to a Tertiary care centre in North India.	DNB- Department of Internal Medicine
726.	Efficacy and safety of tenofovir alafenamide (TAF) in patients waiting for liver transplantation and in preventing hepatitis B recurrence after liver transplantation.	Department of Hepatology and Liver Transplant
727.	Observational study to compare the accuracy of relative cerebral blood volume on dynamic susceptibility contrast mri and vascular permeability (volume transfer coefficient) on dynamic contrast enhanced mri in grading of gliomas.	Department of Radiology
728.	International Observational study to understand the impact and best practices of airway management of critically ill patients	Department of Cardiac Anaesthesia
729.	Prevalence, causes, management and outcomes of sepsis in Asia's intensive care units.	Department of Cardiac Anaesthesia
730.	A prospective study to assess the role of Transcranial Doppler Ultrasound as a predictor of outcome after Traumatic Brain Injury and its correlation with the Rotterdam CT Score.	Department of Neuroanesthesia and critical care

731.	More-Sync: Multicenter Optimal programming Randomization study to Evaluate long-term clinical, structural & electrical outcome of SyncAVTM.	Department of Cardiology
732.	A study to assess the effectiveness of advanced teaching program Vs traditional teaching on knowledge regarding the anti-epileptic drugs and its drug compliance among patient with epilepsy (PWE) in selected hospital Gurugram.	MSc- Department of Neurology and Epilepsy
733.	A Multicenter, Double- blind, Long term Extension Study to Assess the Safety and Efficacy of Filgotinib in Subjects with Rheumatoid Arthritis.	Department of Rheumatology & Clinical Immunology
734.	A Prospective observational longitudinal study to assess accuracy of intraoperative epicardial echocardiography in assessment of surgical repair of congenital heart defects.	Department of Cardiology
735.	Application of a Comprehensive Unit-Based Safety Program (CUSP) to Improve Antimicrobial Stewardship at a Tertiary Care Hospital in India.	Department of Cardiac Anaesthesia
736.	Prospective study of distal end radius fracture with dorsal comminution and intra articular depression treated with extended flexor carpi radialis volar approach.	Department of Orthopaedics
737.	Clinical, Biochemical, and Genetic Profile in Young Onset Diabetes Patients.	Department of Endocrinology & Diabetes
738.	Prospective Observational study assessing the predictors of survival in cirrhotics patients admitted to ICU.	Department of Gastroenterology
739.	SELECT- Semaglutide effects on Cardiovascular outcomes in people with overweight or obesity.	Department of Cardiology
740.	Role of jet ventilation in micro laryngeal surgeries- a prospective observational study.	Department of Pediatric Cardiology
741.	A prospective observational study to determine the accuracy of echocardiography in the assessment of pulmonary arterial hypertension in patients with congenital heart disease.	Department of Pediatric Cardiology
742.	An observational study on augmenting the prognostic value of imaging in high grade/ high risk lower grade gliomas by determining the correlation of MRI features with molecular markers.	Department of Radiation Oncology
743.	A prospective observational study to compare the curb 65 score with smart-cop score for predicting the patients with community acquired pneumonia likely to require intensive respiratory and vasopressor support.	Department of Accident and Emergency
744.	Evaluation of the automation of SOFA sepsis score on patient outcomes in a neuro ICU setting in a tertiary care hospital in India	Department of Neuro Anaesthesia
745.	A prospective, multi center, observational study to determine the impact of Real Time Optical Coherence Tomography (OCT) Co-registration with Angiography on Physician-Decision making during and post Percutaneous coronary intervention (PCI)	Department of Cardiology
746.	To Study Myocardial Dysfunction in patients of Takayasu's arteritis	Department of Rheumatology & Clinical Immunology

747.	Techniques for development of Ultrasound guided Fast, Multi-modal liver resection method.	Department of Liver Transplant & Regenerative Medicine
748.	A prospective observational study to evaluate the effectiveness of astigmatism correction during cataract surgery using verion guided femtosecond laser assisted arcuate keratotomy.	DNB- Department of Ophthalmology
749.	To study the outcomes of Fecal Microbiota Transplantation in patients with Steroid dependent Ulcerative Colitis.	Department of Gastroenterology
750.	Prospective data collection to assess and validate the Samsung SDS S-Patch solution.	Department of Cardiology
751.	Prospective, Multi-centric, Single arm trial to evaluate safety and performance of SELUTION™ Pro Sirolimus Drug Coated Balloons in the management of Coronary Artery Disease	Department of Cardiology
752.	Prospective, Multi-centric, Single arm trial to evaluate safety and performance of SELUTION™ Sirolimus Drug Coated Balloons in the management of Coronary Artery Disease	Department of Cardiology
753.	. A 52 week open label (sponsor-blind), randomized, active controlled, parallel- group, multi-center study to evaluate the efficacy and safety of daprodustat compared to recombinant human erythropoietin in subjects with anemia associated with chronic kidney disease who are initiating dialysis	Department of Nephrology
754.	An Observational study of Risk factors of Atherosclerosis in Psoriatic arthritis.	Department of Rheumatology
755.	Pathogen Detection in Critical Care Infections and Determination of Antibiotic Resistance by Molecular Methods	Department of Microbiology
756.	Comparison of serum specific IgE results (In-Vitro) and Skin Prick Test results (In-Vivo) for common allergens in allergic bronchial asthma patients.	Department of Respiratory & Sleep Medicine
757.	Short term outcomes in primary PCI patients using ST2 as a prognostic marker.	Department of Cardiology
758.	Effect of Dexmedetomidine on the incidence of post operative delirium: Comparison with Propofol in off-pump and on-pump coronary artery bypass graft surgery	Department of General Anaesthesia
759.	Study of correlation of Donor Kidney Volume and Weight with Graft Outcomes Following Live Donor Kidney Transplantation	Department of Nephrology
760.	An observational study of the outcomes of Aortic Valve Surgery in patients with Severe Left ventricular Dysfunction (Ejection fraction less than 35 %)	Department of Cardiology
761.	A prospective observational study to assess incidence of acute kidney injury in patients undergoing Living donor liver transplant in a tertiary care hospital	Department of Nephrology
762.	An observational study to evaluate the efficacy of enhanced recovery after surgery (ERAS) pathway to decrease morbidity in patients undergoing breast cancer surgery	Department of general anaesthesia
763.	Prognostic significance of systemic inflammatory markers, preoperative lymphocyte-to-monocyte ratio (LMR), neutrophil-to-lymphocyte ratio (NLR), and platelet-to-lymphocyte ratio (PLR) in rectal cancer patients	Department of G I Surgery, G I Oncology and Bariatric Surgery

764.	An observational study to see the effect of magnesium sulfate on total dose of anaesthetic agents, opioids, neuromuscular blockers during general anaesthesia and post operative analgesia in elective surgeries	Department of general anaesthesia
765.	Prevalence of asymptomatic bacteriuria in patients undergoing cardiac valvular surgery and coronary artery bypass graft procedure at a tertiary care hospital	Department of Microbiology
766.	Effectiveness and Safety of Optical Coherence Tomography-Guided PCI in Indian Patients with Complex Lesions – A Multicenter, Prospective Registry	Department of Cardiology
767.	Role of jet ventilation in microlaryngeal and tracheal surgeries – a prospective observational study.	Department of ENT & Head Neck Surgery
768.	Prospective observational study to identify the role of allergy in nasal polyposis	Department of ENT & Head Neck Surgery
769.	A phase 3 randomized, open-label (sponsor-blind), active- controlled, parallel-group, multi-center, event driven study in non-dialysis subjects with anemia associated with chronic kidney disease to evaluate the safety and efficacy of daprodustat compared to darbepoetin alfa	Department of Nephrology
770.	Impact of Enhanced Recovery After Surgery (ERAS) on length of hospital stay and postoperative outcomes following Gastrectomy for carcinoma stomach	Department of Surgical Gastroenterology
771.	An observational study to correlate the values of intra operative cerebral Oximetry using near Infra red spectroscopy with post operative cognitive dysfunction in patients undergoing off pump coronary artery bypass surgery	Department of Anaesthesiology and critical care
772.	MORE-CRT MPP Study: “MOreREsponse on Cardiac Resynchronization Therapy (CRT) with MultiPoint Pacing (MPP)”	Department of Cardiology
773.	Comparison the cardiac magnetic resonance imaging (MRI) and positron emission tomography (PET) in predicting myocardial recovery after coronary artery bypass graft (CABG) surgery in patients with severe left ventricular dysfunction having multi-vessel disease	Department of Cardiology
774.	Indian consortium on non-alcoholic fatty liver disease (ICON-D).	Department of Hepatology& Liver transplant
775.	Nutrition insights day to assess hospital malnutrition and the routine use of enteral and parenteral nutrition in patients following major gastrointestinal surgery	Department of GI surgery
776.	A prospective observational study to find the prevalence of flow cytometry cross match positivity in prospective renal transplant recipients and to compare the outcome of renal transplants in flow cytometry cross match positive versus flow cytometry cross match negative patients	Department of NEPHROLOGY
777.	An observational prospective study to evaluate the efficacy of mechanical thrombectomy in acute stroke in Indian population	Department of Neurology
778.	An observational study assessing electroencephalography based indices for intra operative nociception and depth of hypnosis	Department of Anaesthesia
779.	An observational study to find the effect of diastolic dysfunction on post operative outcomes in patients undergoing elective off-pump coronary artery bypass grafting	Department of Anaesthesia

780.	Comparison of ultrasound guided quadratuslumborum block with local anaesthetic wound infiltration for postoperative analgesia after laproscopic nephrectomy	Department of Anaesthesia
781.	A prospective observational study to evaluate the efficacy of negative pressure wound therapy with irrigation in the management of infected and/or chronic wound in Indian subcontinent patients	Department of Plastic Surgery
782.	An observational prospective study to evaluate the outcome mandibular reconstruction with a free fibula flap using 3-D printed cutting guides in a patient with oral cancer	Department of Plastic Surgery
783.	Correlation of clinical profile of Parkinsonism with molecular imaging in a tertiary care center in India	Department of Neurology
784.	A prospective study to evaluate the role of cyclin-D as a tumor marker in transition cell carcinoma of the urinary bladder	Department of Urology
785.	A prospective study to evaluate the outcomes and complications after robotic versus open live donor related renal transplant	Department of Kidney and Urology
786.	A prospective observational study to evaluate clinicopathological features, prognostic factors and treatment outcome in metastatic gastric carcinoma in a tertiary care centre	Department of Medical Oncology
787.	Anthropometric study of the knee in Indian population and its correlation with the size of current implants available for TKA	Department of Orthopaedics
788.	Tissue based metabolomics in Takayasu's Arteritis	Department of Rheumatology and Clinical Immunology
789.	. Dose response relationship in neo adjuvant chemo radiation for locally advanced rectal cancer: A study comparing two radiation doses	Department of Radiation Oncology
790.	An observational prospective study for dosimetric comparison of rtog and estro contouring guidelines for adjuvant radiation therapy for breast cancer and the impact of respective volumes on normal tissue doses	Department of Radiation Oncology
791.	Evaluation of a new HCV Antigen Assay	Department of Transfusion Medicine
792.	Markers of subclinical atherosclerosis and obstructive sleep apnea : A relationship	Department of Cardiology
793.	A prospective Multi- center single arm real world observational investigator initiated registry study evaluating the safety and efficacy of stent firehawk DES in the treatment of patients with coronary artery lesions.	Department of Cardiology
794.	Publication- Eating epilepsy in North India: Case series and report of efficacy of clobazam in its management.	Department of Neurology
795.	Publication- Prospective safety assessment of RHD positive red cell transfusion in RHD negative Liver Transplant recipients: Single center report from India.	Blood Bank
796.	A Prospective observational study for comparison of the effect of intravitreal ranibizumab with that of a sustained release dexamethasone intravitreal implant for management of diabetic macular edema	Department of Ophthalmology

797.	Serial inferior vena cava (IVC) imaging in stable heart failure patients	Department of Cardiology
798.	Prevalence of anergy to tuberculin test in patients with sarcoidosis	Department of Rheumatology and clinical immunology
799.	A comparative study of serum osteoprotegerin/RANKL ratio in patients of Systemic Sclerosis having osteoporosis with those without osteoporosis and Rheumatoid Arthritis (RA) patients with osteoporosis	Department of Rheumatology and clinical Immunology
800.	Risk of malignancy in Thyroid - Atypia of undetermined significance (TBSRTC III) and its subcategories – a five year experience	Department of Cytopathology
801.	A comparative study of PSMA-PET CT versus multiparametric MRI in staging and treatment evaluation in high-risk prostate cancer	Department of Radiation Oncology
802.	An observational study on the tumour response of portal vein tumour thrombus and acute radiation induced liver disease in hepatocellular carcinoma post stereotactic body radiotherapy (SBRT)	Department of Radiation Oncology
803.	Angiographic evaluation of vasospasm and clinical outcome after combined intra-arterial vasodilator therapy (Milrinone and Nimodipine) in patients with aneurysmal SAH at tertiary care centre	Department of Neurosurgery
804.	Effect of posterior condylar offset on knee flexion after posterior stabilised total knee arthroplasty in Indian population: Prospective study	Department of Orthopaedics
805.	An observational study to create an algorithm based approach for computed tomography pattern recognition for pneumonia	Department of Radiology
806.	Prospective study on “Early impact of age and knee society score on the outcome of unilateral Total Knee Replacement	Department of Orthopaedics
807.	Prediction of the Oncotype DX® risk class RS ≤ 25 and the MammaPrint LOW risk class by MammaTyper®	Department of Oncology
808.	Spondyloarthropathy (SpA) –Is Sacroiliac joint imaging sufficient?	Department of Radiology
809.	Prospective observational study to evaluate utility of USG guided arteriovenous fistuloplasty in our institute.	Department of peripheral, vascular & endovascular sciences
810.	A long-term non-interventional observational study in Living Donor Liver Transplant Recipients (LDLTRs) with primary hepatocellular carcinoma (HCC) treated with Certican® / Zortress® (everolimus; EVR) plus reduced tacrolimus (rTAC) versus standard tacrolimus (sTAC) control	Department of Liver Transplant & Regenerative Medicine
811.	Assesment of quality of life between patients undergoing pharmacomechanical catheter directed thrombolysis vs conservative management with isolated iliofemoro-popliteal deep vein thrombosis.	Department of peripheral, vascular & endovascular sciences
812.	Clinical implementation of an indigenously built advanced HDR brachytherapy template for treatment of advanced cervical cancers at Medanta The Medicity.	Department of Radiation Oncology
813.	Contribution to Indian Liver Transplant Registry (ILTR) under the aegis of Liver Transplantation Society of India®: Collection of de-identified patient data from all indian liver transplant centers.	Department of Liver Transplant & Regenerative Medicine
814.	Comparision of clinical and radiological outcomes between Transforaminal lumbar interbody fusion (TLIF) versus Oblique lumbar interbody fusion (OLIF).	Department of Neurosurgery

815.	Novel Imaging Diagnostics for Alzheimer's Disease (AD).	Department of Neurology
816.	HD Mapping Observational Study	Department of Cardiology
817.	Comparison of physical and quality parameters blood components (RBC, RPDC AND FFP) prepared by two different methods; Platelet-Rich-Plasma (PRP) and Buffy-Coat (BC) method.	Department of Transfusion Medicine
818.	Clinical Profile of the patients with Head and Neck amyloidosis: A Single Institution Retrospective Chart Review.	Department of ENT & Head Neck Surgery
819.	Head and Neck Involment with Histoplasmosis.	Department of ENT & Head Neck Surgery
820.	Management of Schwannomas presenting in he sinonasal region	Department of ENT & Head Neck Surgery
821.	An Observational Comparative study to evaluate the diagnostic yield and adequacy of cytology smears obtained by Endobronchial Ultrasound (EBUS) guided transbronchial needle aspiration with or without needle suction in patients with mediastinal lymphadenopathy	Department of Respiratory and sleep medicine
822.	Prevalence of sepsis in critically ill patients in India. A single day, prospective, observational multicentre, nation wide point prevalence study.	Department of Critical care and anaesthesia
823.	Carbapenem-resistant organism colonization and its association with infection among patients transferred to a tertiary care hospital in India	Department of Microbiology
824.	Dilatational percutaneous vs. Surgical tracheostomy in intensive Care unit, a practice pattern Observational multicentre study	Department of Critical Care
